Jordan Islamic Bank

Public Shareholding Company

Established in Amman - the Hashemite Kingdom of Jordan and registered as a public shareholding limited liability company in the Companies Registry on 28/11/1978 under reference No. 124 pursuant to the requirements of the by-then effective Companies Law and in accordance with the provisions of Jordan Islamic Bank temporary Law No. 13 of 1978, which was superseded by the Banks Law No. 62 of 1985 that was abolished pursuant to the Banks Law No. 28 of 2000 effective as of 02/08/2000, which included a special chapter on Islamic Banks and as amended in 01/05/2019.

The Forty Third Annual Report 2021

Our Mission

Commitment to consolidate the values of the Islamic Sharia by dealing with all people according to the teachings and principles of the Islamic Law (Sharia) to serve the public interest of the society.

Commitment to equally serve the interests of all stakeholders including shareholders, investors, borrowers and employees.

Commitment to attain the latest innovative products in banking industry and technology, as well as looking forward to gaining the trust of all people in our distinguished services that are in line with recent developments and changes within the framework of compliance with our Islamic Sharia.

Chairman's Message

In the name of Allah, Most Gracious, Most Merciful

Peace be Upon You, so as Allah's Mercy and Blessings,

All Praise be to Allah, Lord of the Worlds, and Prayers and Peace be upon His Prophet Mohammed, His Servant and Messenger, his Kinsfolk, and all his Companions.

Dear Shareholders,

JIB overcame obstacles and encountered the challenges throughout 2021, adding more achievements to its rewarding journey.

Covid-19 pandemic with its variants, posed one of the major challenges throughout history, which led to a wide-range humanitarian crisis beside its being a health crisis, added more suffering to the impoverished people, and caused the economic and social well-being to deteriorate; thus, the whole world had to take a set of measures and launch campaigns to reduce the pandemic's repercussions.

Despite that, JIB showed achievements on all its indicators, with its assets amounting to about JD 5.3 billion, while saving schemes total balance amounted to about JD 4.6 billion, the total balance of its financial investments amounted to about JD 4.1 billion, and the joint investment profits amounted to about JD 214 million. Meanwhile, JIB's before tax profits amounted to about JD 96.5 million, and the profits after tax amounted to about JD 59.1 million, with a return rate on stakeholders' average equity of about 12%. Hence, the Board of Directors has recommended that the Ordinary General Assembly distribute cash dividends to shareholders by 25% each from the paid-up capital.

We thank God for granting us the strength and determination to overcome the challenges and make these achievements possible. I would like to hail the efforts exerted by my colleagues in the board of directors, and the distinguished efforts of JIB's executive management and its employees. Also, I appreciate our customers' confidence in the bank.

JIB will always stay a national institution aiming to add up more accomplishments and provide different services to meet the needs of the people of our beloved country.

I would also like to thank the Sharia Supervisory Board for their keenness to operate JIB in accordance with the Islamic Sharia laws and values.

I also commend the role of of the Central Bank of Jordan in maintaining the financial balance and stability, along with its support to all Islamic banks.

Musa Abdulaziz Shihadeh
Chairman of the Board

**CEO/ General Manager's
Message**

In the name of Allah, Most Gracious, Most Merciful

Peace be Upon You, so as Allah's Mercy and Blessings,

All Praise be to Allah, Lord of the Worlds, and Prayers and Peace be upon His Prophet Mohammed, His Servant and Messenger, his Kinsfolk, and all his companions.

Despite the challenges imposed by the Covid-19 pandemic in 2021, Jordan Islamic Bank strived to provide more digital services and products for its customers, including various online platforms. It focused on the digital transformation projects for being one of JIB's strategic pillars for the future. JIB continued to implement its services through its online channels; such as launching the (Customer on Boarding), (EKYC), (Daman Pay), (Digital Voucher), and the (NFC) services.

Our bank has always been a step ahead in providing digital services for the businesses sector; including bill payment through the "eFAWATEERcom" system, the (ACH) services to transfer salaries, and the direct transfer between the companies' customers.

Stemming out of its keenness to keep in pace with the recent developments, JIB is working on a set of strategic projects; including the banking system transformation, the Finger Vein, the Card-On-App, withdrawing money without a card, and depositing checks through ATMs, of which some will be launched soon.

JIB also maintained its market share in all key indicators despite the high-level competition in the banking sector.

We would have never accomplished these achievements if they were not by God's grace and guidance, in addition to the relentless effort of JIB's Board of Directors in setting the bank's visions and directives, the great efforts exerted by the senior Executive Management, and the dedication of the bank's employees to complete their mission. All this is the fruit of a promise we took on ourselves to keep moving forward.

Dr. Hussein Said
CEO/ General Manager

**Board of Directors'
Report for 2021**

In the Name of Allah, Most Merciful, Most Compassionate

«Our Lord! Make not our hearts to deviate after Thou hast guided us aright, and grant us from Thee mercy; surely Thou art the most liberal Giver»

(Allah the Almighty has spoken the truth)

Verse No, 8, Surat Al-Emran

Board of Directors' Report for 2021

Peace be upon you, so as Allah Blessings and Mercy

All Praise be to Allah, Lord of the Worlds, And Prayers and Peace be upon Mohammed His Servant and Messenger and all his family and companions.

Dear Shareholders,

In 2021, the whole world made its best to step out safely from the COVID-19 repercussions, which affected the economy and health. Thus, vaccines were made available for all countries yet the turnout on it was different from country to another, given all the possible ways to convince people to get vaccinated. Also, there were international, regional, and local campaigns to curb the economic repercussions of the pandemic.

The economic prosperity the world had witnessed following COVID-19 recession increased the purchases around the world; especially in the USA, where the raw material prices; including oil, hiked since then. But with more waves of the virus every now and then, new measures were implemented to curb the spread of the virus, affecting the factories activities. China, which is considered the second major economy, witnessed slackness in exports which restricted the supply chains and increased the shipping charges, causing increase in prices, inflation, international debts, and unemployment and poverty rates.

According to various studies, millions of people are susceptible to suffer from starvation, hydration, and diseases in the upcoming decades due to the hazardous consequences of the Global Warming which affects the availability of the main crops and the nutritional value of these crops. More people are likely to be denied access to drink water, which will lead to more infections of communicable diseases or diseases which are related to low-quality air and exposure to the harmful sun rays. Therefore, more than 120 countries held a meeting entitled "The Last Hope and Best" to address climate change and avoid a near disaster.

After the traditional banking system had dominated the financial sector for decades, and help governments to have control over cash flows the cryptocurrencies imposed a setback to the importance of those banks, with the emergence of parallel markets that provide financial services. So far, there are about 220 million cryptocurrency users around the world, which pushed everyone to believe that the assets will become digital in the future. Financial officials in the seven biggest industrial countries approved the principles of the general policy regarding the cryptocurrencies that the central banks are eligible to make available, provided they are based on transparency, sovereignty of the law, and the correct economic governance.

The Arab countries had their share of the effects of the world events, where the high demand on energy increased the shipping prices along the prices of various goods and food, in addition to increasing the unemployment, poverty, and debt rates.

Amid last year's events, Gross Domestic Product went up by (2.1%) in the first three quarters of 2021, compared to its decline by (1.5%) recorded for the same period in 2020. The unemployment rate in the third quarter of 2021 reached (23.2%) compared to about 23.9 % during the same quarter in 2020. Meanwhile, the inflation rate increased by (1.4%) during the year 2021 compared to (0.3%) in 2020.

Jordan's total public debt also increased at the end of November 2021 to reach about JD 1848 million (after excluding the investments carried out by the Social Security Investment Fund in the government bonds) compared to its level at the end of 2020, making up around JD28.3 billion or (88.5%) of the Gross Domestic Product. The foreign currencies reserve, including gold and Special drawing rights (SDRs), stood at about \$ 18.0 billion at the end of 2021 compared to \$ 15.9 billion at the end of 2020. This year's reserve can cover the Kingdom's imports of goods and services for 9.5 months.

During 2021, Amman Stock Exchange's trading volume recorded about JD 2.0 billion, compared to JD 1.0 billion, with an increase of about JD 1.0 billion. The general record for the likely stock price of Amman Stock Exchange has increased to 2118.6 points compared to 1657.2 at the end of 2020, with an increase of 27.8%. The market value of shares listed on Amman Stock Exchange by the end of 2021 increased to JD 15.5 billion, with an increase of 20.0% compared to the end of 2020. Thus, the market value constituted 49.9% of the GDP. The interest rate of the repurchase agreements is 3.25% and a 3.50% discount rate. As for the Jordanian banking market interest rate, the weighted average of interest rates on loans and advances declined at the end of 2021 on its recorded level at the end of the previous year, with 22 basis points to reach 6.95% and also the weighted interest rate on the deposits at the end of 2021, declined with 20 basis points from its level recorded at the end of the previous year to reach 3.45%.

The balance of the total credit facilities granted by licensed banks at the end of 2021 increased by 4.9% from the registrar level at the end of the previous year, this compares to an increase of 5.7% during the year 2020. The total deposit balance of licensed banks increased by 7.4% at the end of 2021 from its level recorded at the end of the previous year, compared to an increase by 4.2% during the year 2020.

Despite all the obstacles of the surrounding circumstances, our bank was able, by the grace of Allah Almighty, to achieve good growth in most of its activities. **The Board of Directors would like to present the most important achievements that were accomplished in 2021, as well as their future aspirations, God willing.**

First: Branching

In 2021, JIB has opened one branch only which is Dahiyat Al Ameer Hassan branch/ Amman, making up a total of 84 branches, 25 bank offices until the end of the year 2021.

In order to keep pace with the digital services, Islami Digital Self-Services Corner has been opened in Wasfi Al Tal Street / Amman , to provide a range of digital banking services in accordance with the latest technology-based financial services.

Another office is listed to open in 2022 (The World Islamic Sciences and Education University/ Amman)¹. JIB continued to provide its services during official holidays, evening period, and on Friday and Saturday, at some of its branches and offices as follows:

- City Center/Irbid branch and Al Istiklal Mall, Arifa Mall, Amman Mall and Pavilion Mall offices during the evening period and on Friday and Saturday.
- Abdulla Ghousha and Al Zarqa Jadida branches during the evening period and on Saturday.
- Free zone branch / Saturday.

Second: Staff

At the end of 2021, the number of the Bank’s staff reached (2439). Below is a figure showing the development in the employees’ number over the past ten years:

1. It has been opened on 27/1/2022.

In light of JIB's interest to improve its employees' performance, it provided them with training courses, seminars, and conferences, in-person, or digital training (through online training licenses or training through applications (GAMIFICATION) which are organized by JIB's academy for human resources training and development and specialized entities inside and outside Jordan.

In 2021, about 7526 employees were included in conferences, seminars and training courses compared to (3917) employees in 2020, as follows:

Description	2021		2020	
	No. of courses and seminars	No. of participants	No. of courses and seminars	No. of participants
the Bank's Academy for human resources training and development	171	5791	136	2127
In-person	57	916	94	1217
Interactive (Online)	114	4875	42	910
Training Centers in Jordan	114	376	65	196
In-person	45	132	45	116
Interactive (Online)	69	244	20	80
Training Centers abroad	51	128	26	92
In-person	4	12	1	2
Interactive (Online)	47	116	25	90
Digital Training	169	1231	38	1502
Online training licenses	164	981	38	1502
GAMIFICATION	5	250	0	0
Total	505	7526	265	3917

The above training courses and seminars have reinforced the (basic) functional and (assistant) institutional training needs in accordance with the enhanced training programs for the functional and institutional training competencies approved by JIB:

- Functional training competencies (leadership skills, banking portal, credit implementation, cash, external transactions, administrative affairs, implementation and achievement and accounting competencies).
- Institutional training competencies (Sharia, compliance, institutional awareness, time management and work pressure, security, training and development, digital banking, occupational safety and health, risk management, performance management, legal, marketing, treasury, and corporate relations competencies).

The Bank continued to enroll the employees in training programs and activities that serve the topics of social responsibility and sustainability towards society, including the green recovery, eco-investing, and Islamic finance to achieve the economic growth and sustainable development, and to support women so that they could have access to finance after COVID-19 pandemic.

1. It has been opened on 27/1/2022.

The Bank also continued to provide training opportunities and introduce its business to new students from educational institutions. The number of those students reached (215) throughout 2021, compared to (383) students in 2020. The general health and safety requirements were taken into consideration in addition to providing the precautionary means and measures in light of the COVID-19 pandemic and the requirements needed to deal with it.

Third: Banking Techniques

In 2021, the Bank accomplished further developments and updates in the field of banking techniques, most notably of which are:

- Launching a set of new services through the Mobile Banking application, including the CliQ, EKYC, requesting checks' details, activating and deactivating the immediate discount cards, funding request, opening the online account (Customer on Boarding), Islami program for rewards (customers' loyalty), data update, editing the username, and the protected e-signature, etc.
- Launching an updated version of the I-Banking application that provides new services to companies' customers, such as requesting and paying bills through eFAWATEERcom, the ACH service for salary transfers, direct transfers between customers' accounts, debit authorizations, inquiry and payment for the Social Security Corporation (DamanPay), etc.
- Launching the Bank's pages on LinkedIn, Instagram, and YouTube; in addition to the Facebook page and "Islami Messenger" bot; allowing JIB to promote more for its products and services.
- Updating, installing, and operating new ATMs, and adding up more services to them; such as withdrawing the required money category, withdrawing money via NFC, making up a total of 288, and constituting 14% of the operating ATMs across the Kingdom. All these machines are linked to customers' bank accounts, the Middle East Payment Service (MEPs), and Jordanian Joint Network for ATMs (JONET) through which they are connected with the Visa International network outside Jordan.

Fourth: Incentive Rewards

- Since 1997, the Bank has continued to distribute awards to holders of Savings Accounts where the value of the prizes amounted to JD 165 thousand in the year 2021 to cover Hajj and Umra's costs.
- Since 2008, the Bank has continued to introduce awards to the users of all types of **bank cards**, for local or online purchases, in addition to allocating cash awards for the services provided through Mobile Banking application and I-Banking where the total prizes for the year 2021 amounted to about JD 279 thousand. In 2021, Islami Rewards Program was aimed at giving away rewards for users of Visa Card (Signature; Gold and Silver), Master Card (World and Gold) when they use them to purchase from the Points of Sale, or upon conducting online shopping transactions inside and outside Jordan.

It is known that the Bank incurs the value of these awards from the shareholders funds in accordance with the Sharia opinion (Fatwa).

Fifth: Social Role of the Bank

The Bank has continued to assume its social responsibilities, consolidate Islamic values in regular banking transactions, and positively interact with social nature activities. Below are some examples of the Bank's activities in this field during 2021:

A. Conferences and Seminars

Throughout 2021, JIB continued to participate in conferences and seminars that aim to spread and improve the Islamic banks' works.

B. Donations

The Bank continued to support many social and cultural events and provide donations for different relevant activities. Those events include the Jordanian Hashemite Fund for Human Development (JHFHD), Al Aman Fund for the Future of Orphans, Societal Financial Culture Dissemination Project, among other social activities.

The total donations provided by the Bank during 2021 for such events and activities reached around JD 560.2 thousand, distributed as follows:

Description	Number	Thousand JD
Jordanian Hashemite Fund for Human Development (JHFHD)	1	50.0
Al Aman Fund for the Future of Orphans	1	42.5
King Hussain Cancer Center	1	25.0
Charity and medical Associations and Organizations and Zakah committees	25	114.4
Scientific Conferences and educational and cultural programs	5	174.2
Tkiyet Um Ali	1	5.0
Societal Financial Culture Dissemination Project	1	149.1
Total	35	560.2

C. Al Qard Al Hasan "the Good Loan"

The Bank continued to receive deposits in "Al-Qard Al Hasan" from those wishing to lend such deposits through the Bank as good loans. At the end of 2021, the balance of this account reached around JD (2.1) million.

The Bank also continued to provide Al Qard Al Hasan for justified social purposes, such as education, medical treatment, and marriage (including the Central Bank Loans to encounter the COVID-19 crisis and the medium-term agreement). The loans provided by the Bank in 2021 reached around JD 23.3 million compared to (79.6) in 2020. This year's loans covered about 19.6 thousand beneficiaries compared to 20.1 thousand beneficiaries in 2020.

It is worth mentioning that the Bank has been granting such loans since it was founded, and the total granted loans ever since amounted to JD (405) millions until the end of 2021, benefiting about (535) thousand people.

Some of these loans were granted for youth who were about to get married in cooperation with Al Afaf Charity Association. The total of such loans in 2021 reached about JD (430) thousand, benefiting (431) young people compared to about JD (310) thousand, benefiting (311) young people in 2020.

The Bank also granted good loans that amounted to about JD 7.6 million to 42 customers in 2021, in response to the CBJ's program to encounter the COVID-19 crisis and the medium-term agreement.

D. Funding Professionals and Craftsmen:

The Bank was keen from the beginning to fund the projects and requirements of professionals and craftsmen by way of Murabaha. In 1994, the Bank developed a particular program to finance this category by way of diminishing Partnership ending with the transfer of title (Musharakah Muntahia Bet-Tamleek) according to which financing is paid from the revenues generated by the project. The Bank also finances small and medium enterprises by funding such projects through the joint investment funds or investment funds by wakala accounts (investment portfolios) or through the special agreements signed with the Central Bank of Jordan.

To give more attention to these projects, in 2013, the Bank increased the capital of its subsidiary Al Samaha Financing and Investment Company to JD (8) million and amended its memorandum and articles of association to include funding projects and small craftsmen, then increased its capital to (12) Million JD in 2016. The funds that the company offers to projects, craftsmen, professionals, and projects in the women sector contribute to reducing the unemployment rate, maintaining the current jobs, and providing new jobs. In 2021, the company financed (246) projects for approximately JD (4.2) million.

E. Mutual Insurance Fund:

This Fund was created in 1994. Through this fund, participants work mutually to fix any damages caused to any of them, including paying all or some of their debt to the Bank in case of death, permanent disability, or permanent insolvency. Also, as of 2014, this Fund kept mitigating people's vulnerability to risks following the Central Bank of Jordan's approval.

In 2021, the number of indemnified cases reached (370), and the compensations paid this year amounted to nearly JD (3.1) million. Since the Fund's establishment until the end of 2021, the total compensation cases reached (3505) cases, and the amount of paid compensations reached around JD (17.7) million. At the end of 2021, the Fund's balance amounted to around JD (50.4) million, with about (174.1) thousand subscribers and a total balance of their debts amounted to JD (1.7) billion.

It is worth mentioning that the Bank has expanded the umbrella of the insured people to cover all persons with indebtedness of JD (150) thousand or less (and as of 2013, the umbrella was expanded to cover the Ijara Muntahia Bittamleek in addition to Murabaha clients), instead of (100) thousand or less. The Bank expanded the umbrella of the insured people several times. The insurance started with a cap of JD 25,000 or less.

F. Interaction with the Local Community

JIB sponsored targeted programs in many TV and radio stations, and a page on Islamic banking, Islamic finance, money, and Islam in several newspapers, in addition to donating to King Hussein Cancer Center, many charitable and medical associations and organizations and zakat committees in Jordan, in addition to making a contribution to the Jordanian Hashemite Charitable Organization for Relief, Development and Arab and Islamic Cooperation, donating to Al-Aman Fund for the Future of Orphans, decorating Amman, as part of Amman Chamber of Commerce initiative. It also provided monetary gifts to the wedding couples participating in the mass wedding party/ Al Afaf Charity Association.

G. Energy and Environment

The Bank started providing renewable energy in July 2013 by utilizing electric power generation using solar cells, taking advantage of the spaces on the roofs of the branches for the installation of those cells, leading the bank to the front line of the first Jordanian banks to enter the renewable energy to its business, reducing the electricity consumption and related invoices, as well as decreasing the high electric loads in the Kingdom, thus helping the national economy and protecting the environment. The Bank also continued to provide renewable energy at some of its headquarters by making use of the solar power in generating electricity using solar cells or through the plant operated at the Bonded Center, that is affiliated to the Bank, during May 2018, to generate solar electricity. This plant covers part of the electricity consumption in the branches and offices of the Bank in the central governorates (Amman, Zarqa, Madaba, and Salt) with a generating capacity of 2.7 MWP at the cost of JD 1.5 million. Dhiban station was also established to enhance the generating capacity of electric power. This station was commissioned on 3/2021, with generation capacity of 936.6 MWP, and a cost of JD 807 thousand. Thus, the number of branches and offices benefiting from the solar system reached 54 branches and offices, in addition to the Head office buildings, the Information Technology building, the Bonded Center and the Disaster Recovery Center, which are all fed by the solar cells installed on the roofs of the buildings and/or Amman Station, and/or Dhiban station.

Financial Position

Sixth: Financial Position

A. Total Assets:

At the end of 2021, the total assets amounted to around JD (5953) million (including off-balance sheet items), compared to around JD (5427) million (including off-balance sheet items) at the end of 2020. Following are the relevant details in a million JD:

Year	Total Balance Sheet Items	Off-Balance Sheet Items				Total
		Restricted Investments	Wakala Investment (investment portfolios)	Wakala Investment	Total	
2021	5302.6	66.3	505.5	78.2	650.0	5952.6
2020	4844.5	52.3	448.5	81.2	582.0	5426.5
Increase (Decrease)	458.1	14.0	57.0	(3.0)	68.0	526.1

B. Cash on Hand and at Banks

At the end of 2021, total cash on hand and at banks amounted to about JD (982) million, compared to about JD (915) million at the end of 2020.

C. Financing and Investment

At the end of 2021, total balances of financing and investment amounted to around JD (4741) million (including off-balance sheet items), distributed to (234.1) thousand transactions, compared to around JD (4282) million (including off-balance sheet items) at the end of 2020, distributed to (231.5) thousand transactions.

Total Financing and Investment Balances (Million JD)

The finance operations carried out by the Bank in the local market in 2021 included various social and economic activities and facilities, and mostly the health facilities benefitted from them (hospitals, clinics, and pharmaceutical companies), educational facilities (universities, schools, and institutes), many industrial and real-estate projects and transportation means. JIB also funded the commercial sector.

The economic sectors shares from the finance balances (in millions JD) were as follows:

Year	Agriculture	Industry & Mining	General Trade	Construction and housing sector	Transportation Services and car financing	Tourism, Hotels, & Restaurants	Public Services & Facilities	Other Purposes	Total
2021	41.9	172.2	379.1	1345.5	553.3	29.3	1149.7	149.2	3820.2
2020	39.9	224.6	372.6	1211.0	508.4	30.3	973.9	148.5	3509.2

The Bank pays special attention to the basic needs of citizens in the financing operations. Following is a description of Murabaha financing provided from the funds of joint investment and Wakala Investment accounts (investment portfolios) during 2021 for the most significant needs:

Individuals' Funded needs	JD (Million)	Number of beneficiaries
Land, housing and construction materials	205.8	15356
Transportation means and construction vehicles	183.5	15748
Furniture	17.2	6095

The outstanding balance of Murabaha financing allocated for such needs from the funds of joint investment and Wakala Investment accounts (investment portfolios) by the end of 2021 was as follows:

Financed Needs of Individuals	JD (Million)	Number of beneficiaries of Financing
Land, housing, and construction materials	456.8	63835
Transportation means and construction vehicles	417.5	70381
Furniture	36.0	19183

Moreover, the Bank continued to invest part of its own funds, joint investment funds, and Wakala Investment accounts (investment portfolios) in the capitals of national companies whose primary business does not include any Sharia non-compliant activities and which produce commodities and provide useful services to the community and the national economy. At the end of 2021, the number of companies whose capitals are invested in by the Bank reached (27), and the volume of such investment amounted to approximately JD (99) million.

D. Attracting Savings:

At the end of 2021, the total balance of saving schemes amounted to around JD (5283) million (including off-balance sheet items), distributed to (1146) thousand active accounts, compared to around JD (4803) million (including off-balance sheet items) at the end of 2020, distributed to (1080) thousand active accounts.

E. Stakeholders' Rights:

By the end of 2021, stakeholders' equity reached around JD (510) million compared around to JD (474) million at the end of 2020. The details are as follows in million JD:

Year	Paid-up Capital	Legal Reserve	Optional Reserve	Reserve of Fair Value-Net	Retained Earnings	Stakeholders' Equity
2021	200.0	110.9	55.1	3.1	140.5	509.6
2020	200.0	101.3	45.5	2.9	124.7	474.4
Increase (decrease)	0.0	9.6	9.6	0.2	15.8	35.2

Capital Adequacy Ratio (CAR) at the end of 2021 and 2020 amounted to about (23.1%) and (23.74%) respectively, according to the Islamic banks CAR standards issued by CBJ.

F. Profits of Joint Investment:

- Including the total balance sheet and the balances of accounts managed in favor of third parties, which appear as off-balance items (restricted investments, investment by wakala (Investment Portfolios), and investment by wakala accounts).
- Including the balances of trust (Amanah), unrestricted investments, cash deposits, banks, restricted investments, investment by wakala (Investment Portfolios), and investment by wakala accounts.
- Including the balances of financing, self-investment, receivables, joint investment, investment deposits with the Islamic Banks, and the invested balances of accounts managed in favor of third parties, "restricted investments and investment by wakala "investment portfolios".
- The decrease in the number of active accounts in 2013 is attributed to applying the unified number to the clients in the new banking system.
- Deduction to the Investment Risk Facility Fund has been canceled as of 1/5/2019 in response to the amended Banking Law. The fund's remaining balance is kept under the new title of "Provision for Facing Future Risks".
- Bonus shares distributed on 10/6/2014.
- Bonus shares distributed on 5/6/2017.
- Bonus shares distributed on 26/6/2019.
- Pursuant to the circular issued by the CBJ governor No. 1/1/4693 on 9/4/2020, the licensed Jordanian Banks shall postpone the distribution of dividends to shareholders in 2019.
- Pursuant to the CBJ's decision in its letter No. 10/3/1228 on 20/1/2021 circulated to Jordanian Banks operating in the Kingdom: the percentage of cash dividends to shareholders shall not be less than 12% in light of the local and international economy developments and the cash flow levels, as well as the convenient solvency which the banks enjoy and maintaining them.
- Dividends distribution recommended.

**Future Plan of the
Bank for the year
2022**

Seventh: Future Plan of the Bank for the Year 2022

1. Seeking to introduce new financial products that meet the desires and the needs of the banking market, provided obtaining legal approval, and strictly seeking to create more authentic products which reflect the Islamic economy and its essence in building the earth, as well as continuing to meet the market requirements for services in line with the technological development.
2. Continuing to provide more funding to individuals either via Murabaha, or Ijarah Muntahia Bittamleek, while taking into consideration the negative impacts of the COVID-19 pandemic and focusing on the quality of the Bank's customers.
3. Continuing to fund Small and Medium Enterprises (SMEs) while focusing on the quality of customers and sectors that were hardly or never affected by the pandemic.
4. Continuing to implement the Digital Transformation plan, introducing new e-banking services, and updating its services through electronic channels on the Mobile Banking and the Online Banking and encouraging customers to use these services.
5. Seeking to provide the best conditions to increase the revenues; especially the bank services revenues, as well as taking advantage of the COVID-19 pandemic to urge the customer to use I-Banking and Mobile Banking application and to use the Bank cards, especially the contactless cards.
6. Continuing to undertake social responsibility in different areas, and preparing to release the Sustainability Report as per the international Sustainable Development Goals (SDGs) which are issued by the UN and that meet the Global Reporting Initiative (GRI).
7. Taking into consideration the impact of the change that results from the conditions surrounding the Bank, the economic circumstances, and the latest developments in the world and the Arab region, in addition to how this would affect the national economy in general, and the banking sector in particular.
8. Seeking to reduce the operational costs by mixing jobs, adapting the remote working, and flexibility in working as much as possible through the digital transformation.

**The Ordinary
General Assembly
Agenda**

Eighth: Ordinary General Assembly Agenda

Dear Shareholders,

We hope that this report provided an overview of the Bank's activities and achievements in 2021. Therefore, the Board of Directors would like to present the following agenda to the General Assembly:

1. Reading the General Assembly's previous meeting.
2. Voting on the Bank's Sharia Supervisory Board report for the fiscal year which ended on 31/12/2021.
3. Voting on, discussing, and approving the company's auditor's report for the fiscal year which ended on 31/12/2021.
4. Voting on the Board of Director's report for the fiscal year which ended on 31/12/2021 as well as approving the company's future plan.
5. Voting on and approving the Bank's annual budget and accounts for the year 2021, calculating the profit and losses the distribution of dividends at (25%) of the Bank's capital to the stakeholders.
6. Conducting clearance for the Board of Directors' members for the previous fiscal year 2021.
7. Electing the company's auditor for the upcoming year 2022 and allocating his/her charges or letting the Board of Directors allocate these charges.

In conclusion, we thank Allah for His blessings and grants and the success He guided us to. We ask God to assist and help us always. We have trust in Allah, and we ask His help in achieving our goals and objectives.

We would like to thank the Bank's stakeholders who contributed and are still exerting efforts to elevate it, as well as our generous clients for their trust in the Bank and their eagerness to deal with it and support and consolidate its position. We would also like to thank the Executive Management and staff who spared no efforts to operate, manage, and promote the Bank's position. We again thank the CBJ for their care and understanding of the Islamic Banks' privacy and the nature of its business regarding the regulations and instructions issued thereby.

Last but not leaset, we proudly and appreciably indicate our respected jurisprudent scholars' critical role for their efforts in promoting public awareness of dealing with the Bank. May Allah reward them the best.

We ask Allah to grant us mercy and prepare us from our affair's right guidance and guide us to the right path.

Board of Directors

**Annexes to Board
of Directors Report
of the Year 2021**

Annex I

“Disclosure Requirements in Corporate Governance Guide of the Bank”

Annex I

“Disclosure Requirements in Corporate Governance Guide of the Bank”

1- Extent of compliance with the Corporate Governance Guide

JIB endeavors to provide the best and highest-level Islamic Banking services and products and seeks to innovate and develop new services that go in line with the principles and teachings of the Islamic Sharia. As corporate governance provides the best rules, regulations, and procedures which achieve and sustain trust in the Bank and its various activities, Jordan Islamic Bank has decided to adopt the sound practices of corporate governance and prepare the corporate governance guide per the best related international practices and in consistence with the CBJ amending Instructions for corporate governance No. (64/2016) dated 25/9/2016, noting that the Bank had, in 31/12/2007, issued its first Corporate Governance Guide.

The Bank has also prepared and updated the Corporate Governance Guide and published it on its website (www.jordanislamicbank.com) to comply with it concerning the Board of Directors (in terms of composition, suitability, meetings, secretary's duties, Board of Director's responsibilities and tasks, duties of the Board of Directors members and chairman, responsibility and accountability, and the committees of the Board of Directors), Top Executive Management (in terms of the role of the CEO/ General Manager, tasks, suitability, and responsibility), Sharia Supervisory Board (concerning the appointment of the Board, practicality, independence, meetings, tasks, obligations, and organization of the Board's works), monitoring and internal & Sharia control environment (monitoring and internal control systems, internal auditing department, internal Sharia auditing department, external auditing, risks management department, and compliance control department), relation with shareholders and the rights of Joint Investment accounts' holders.

2- Relationships with Shareholders

All legal steps are taken to encourage shareholders, including the young of them, to attend the Ordinary and Extraordinary meetings of the General Assembly to discuss and vote either in person or by wakala. The Board of Directors members, the Sharia Supervisory Board, the external auditors and representatives of regulatory and official authorities also attend the annual meeting of the General Assembly in order to answer any questions that might be raised. Minutes of the meeting are prepared to the General Assembly to brief the shareholders on the comments that have been made in the meeting and the conclusions reached, including the results of voting and shareholders' questions and responses to them. The invitation and the agenda of the General Assembly and the minutes of the meetings of the General Assembly will be posted on the Bank's website: www.jordanislamicbank.com.

3- The Joint Investment Accounts Holders Equities and their Relationship with the Shareholders

The Bank works on maintaining the rights of the joint investment accounts holders. They can be accessed by various means such as the corporate governance guide and/or the annual report and / or the Bank's website (www.jordanislamicbank.com) which also includes the policy governing the relationship between the owners of the joint investment accounts with the shareholders.

4- Monitoring and Internal Control Systems

First: The Bank's Board of Directors and the executive management is responsible for setting up and maintaining the monitoring and internal control systems in the Bank:

The Bank's Board of Directors and the High Executive Management are responsible for the development of internal control procedures capable of achieving the following:

- Accuracy and integrity of financial and operational data issued by the Bank.
- Efficient and effective performance of the Bank's operations.
- Effectiveness of the Bank's assets and property protection procedures.
- Compatibility with the internal working procedures and policies, laws, legislation, and regulations in force.

Second: The internal audit provides confirming and advisory independent and objective services to the Board of Directors and Executive Management to help them achieve the established objectives, which would improve the effectiveness of risk management and internal control and corporate governance.

Third: The Internal Audit Department provides reasonable assurance over the effectiveness and efficiency of the monitoring and internal control systems of the Bank and its ability to achieve the following:

- Accuracy and reliability of the financial statements.
- Operations' efficiencies.
- Compliance with regulations, instructions, and effective laws.
- Maintaining the Bank's assets and properties.
- Work continuity under all circumstances.
- Improving and developing the monitoring and internal control, risk management, and corporate governance operations systems.
- Improving and developing the operations and products to achieve the Bank's goals.

Fourth: The Internal Audit Department's scope of work covers the Bank's operational centers, activities, and processes, including its subsidiaries; enabling the Bank to evaluate the internal control and risk management processes and corporate control systems' efficiency and suitability to work with all tasks and responsibilities. Also, the Internal Audit Department carries out several tasks, including the following:

- Conducting periodic auditing based on a risk-based audit approach.
- Carrying out any special missions or consultations based on the directives of the audit committee of the Board of Directors or Chief Executive Officer/ General Manager.

Fifth: The Senior Executive Management evaluates the internal control systems' efficiency through the following:

- The reports presented by the Internal Audit Department to the Audit Committee of the Board of Directors at its regular meetings about the most important observations and recommendations.
- Managing the significant risks facing the Bank through the Risk Management Department and the Risk Committee of the Board of Directors.
- Setting up and developing the strategies and policies and implementing the same after the board of directors' approval.
- Adopting the Bank's organizational structure, approving the same by the Board of Directors, ensuring actual compliance with the organizational structure, forming committees, and delegating powers and authorities.
- Preparing and approving the annual budget by the Board of Directors and providing periodic performance reports to the Board of Directors showing the deviation between the actual and projected performance.
- Detailed job description for the tasks and responsibilities of each position and the activity of each organizational unit.
- Implementing two-factor control for each activity or operation.
- Separating and determining the duties to avoid conflict of interests and reduce risks.
- The Board and/or the Board committees' review of the reports of supervisory authorities and external and internal auditing, follow up on violations and relevant comments, and ensure that the Bank's management remedies such violations and takes the necessary measures to ensure that such abuses are not repeated.

Sixth: The Senior Executive Management affirms that the monitoring & internal control systems on the date of preparing the financial statements contained in the annual report of the Board of Directors are effective and well-prepared, in addition to enforcing the internal control systems continually.

Also, the Board of Directors acknowledges the adequacy of the internal control and monitoring and Sharia supervisory systems.

1 - As of 10/5/2021

2 - Until 10/5/2021

C. Summary of the meetings attended by the Board of Directors and its committees in 2021:

Annex III includes a table indicating the number of meetings of the Board of Directors and its committees held during 2021 and the number of meetings attended by the members.

D. Authorities delegated by the Board of Directors to its Committees:

- **Corporate Governance Committee:**
 - Guiding and overseeing the Corporate Governance Guide's preparation, updating it as required, making a recommendation to the Board in light of that, and monitoring the implementation of that Guide.
 - Ensuring the application of Corporate Governance Guide.
- **Risk Management Committee:**
 - Reviewing risk management policies and proposing them to the Board of Directors for approval.
 - Assisting the Board of Directors in managing the Bank's risks (such as credit risk, market risk, operational risk, liquidity risk).
 - Ensuring that suitable risk management systems are in place, such as operational risk management and customers' credit rating systems, etc.
 - Monitoring risk exposure at the country's level, currency, time limits, counterparty, instrument, market, and sector.
 - Studying the risks' acceptable limits (risk appetite) and proposing them to the Board of Directors for approval
 - Following up on measuring, controlling, and monitoring the risks facing the Bank .
- **Nominations and Remunerations Committee:**
 - Determining independent members of the Board of Directors in accordance with the independent member conditions.
 - Identifying the eligible people for membership in the Board of Directors, Senior Executive Management, Sharia Supervisory Board.
 - Evaluating the performance of the Board and its committees, the Chief Executive Officer/ General Manager of the Bank, Sharia Supervisory Board, and the Senior Executive Management and giving recommendation to the Board accordingly.
 - Proposing to the Board of Directors to grant annual increase, bonuses, etc. to all the Bank's employees.
- **Audit Committee:**
 - Reviewing the financial statements of the Bank prior to submission to the Board; in particular, to verify the implementation of the Central Bank instructions on the required provisions.
 - Reviewing accounting cases that have significant impact on the financial statements.
 - Reviewing the monitor and internal control systems of the Bank.
 - Reviewing the external auditor's report on the internal control systems and information system and providing recommendations to the Board accordingly.
 - Filing recommendations to the Board of Directors regarding the appointment of external auditor, the remunerations thereof, and any conditions in the contract in addition to evaluating his independence, taking into account any other work entrusted to him outside the scope of the audit mandate.
 - Ensuring the ability of the external auditor to verify the Bank's compliance with the legal controls in accordance with the conditions stipulated in the engagement letter.
 - Providing recommendations to the Board concerning matters related to the internal audit procedures and the work of the external auditor.

- **Credit Facilities Committee:**
 - Studying the applications to obtain direct and indirect banking facilities within the committee’s powers and approving them; in addition to filing a recommendation to the Board of Directors with the facilitations that are within their powers.
- **Social Responsibility and Sustainability Committee:**
 - Reviewing the Bank’s Social Responsibility and Sustainability Report and filing it to the Board of Directors for approval.
 - Leading the bank’s social responsibility and sustainability program.
 - Following up on the Senior Executive Management’s social responsibility and sustainability committee works.
- **IT Governance Committee:**
 - General supervision on the IT operations, resources, and projects to ensure their adequacy and effective contribution in meeting the Bank’s requirements and operations.
- **Compliance Committee:**
 - Following up and monitoring the application of compliance policy, anti-money laundering and terrorist financing policy, economic and trade sanctions policy for the Bank, and the Foreign Account Tax Compliance Act (FATCA) ... etc.
 - Ensuring that there are adequate internal control and monitoring systems in the Bank to implement the Compliance monitoring and AML/CFT Policy requirements.
 - Be informed about the assessment carried out by the Executive Management on the relevance of the Bank’s compliance procedures and guidelines, tracking any deficiencies discovered, and drafting the appropriate proposals for amendments.

6- Sharia Supervisory Board Meetings:

A. Sharia Supervisory Board held (6) meetings in 2021 in the presence of all its members.

7- Risk Management Department

Banks are susceptible to various risks due to the financial services they provide for their clients, which sometimes might lead to bankruptcy. Therefore, they need to have in place a risk-management plan to deal with such risks efficiently. JIB follows comprehensive procedures to manage risks; including the Board of Directors and the Senior Executive Management's proper monitor to determine, measure, follow up, and observe the relevant risk categories and preparing reports in this regard. Also, this helps in allocating sufficient amount of the capital to encounter such risks. These procedures and measures go in line with the Sharia principles and laws.

The Risk Management Goal is to provide a safe business environment that helps the Bank attain the strategic bank objectives.

A. The Risk Management Department is affiliated with the Risk Management Committee of the Board of Directors from a functional point of view, while it follows the CEO/ General Manager from an administrative point of view. The department's structure is as follows:

B. The Risk Management Department performs many daily and periodic tasks, notably:

- Supervising the Risk Management Process in the Bank.
- Learning about the risks that the Bank might be exposed to and evaluating them to determine the material risks. Determining the Risk Appetite for all material risks.
- Monitoring all risks that the Bank may be exposed to continuously and preparing the risk profile in accordance with the kind of risk and its criticality.
- Supervising the Enterprise Risk Management Solutions (ERM), which help in managing the risks.
- Following up on the entities concerned with risk management to implement their specific tasks in the Risk Governance as included in the risk management policies of approved importance.
- Analyzing the operations carried out in the Bank and ensuring that the necessary controls are identified in proportion to the acceptable level of risk, type of risk, and amount of risk.
- Participating with Risk Management Department in preparing the strategic plan for the Bank by determining the acceptable level of risk.
- Supervising the systems used in calculating the Estimated Credit Loss ECL.
- Spreading the culture of risk management to all different levels of management in the Bank.
- Creating an effective reporting system that meets the requirements of Basel Committee on Banking Supervision” principles for effective risk data aggregation and risk reporting”.

C. Bank risks are stated in Note No. 62 to the Bank’s Financial Statements for the year 2021.

8. Remuneration policy:

A. The remunerations of the Board of Directors and committees of the Board:

- The provisions of this policy shall apply in consistency with the regulations in force at the Bank and as per the instructions of the Central Bank of Jordan, the Jordanian Companies Law and the instructions of the Securities Commission.
- The scope of application includes annual bonuses, transportation allowance, members’ per diem (in particular non-resident members), and committees’ membership allowances.

B. The remunerations of the Senior Executive Management, and employees’ incentives and bonuses:

- The provisions of this policy shall apply to the extent it is in line with the regulations in force by the Bank, such as Jordan Islamic Bank Staff Regulation and the Jordanian Labor Law No. 8 of 1996 and its amendments.
- The work scope includes profit bonus, end of service remuneration, special work bonus, and annual raises, which are linked to the performance appraisal, end of service benefits, moral bonus, and in-kind bonus.
- In light of the results achieved by the Bank in the previous year, bonuses are paid to the top executive management as follows: (50%) of the bonus in the year in which a decision has been made to disburse the bonus and the other (50%) shall be paid in the next year. Regarding the employees’ bonuses, they are paid as a lump sum without delay in the year in which a decision has been made to disburse the bonus.

9. Transparency and Disclosure:

A. Annex IV contains the organizational structure of the Bank.

B. The Board of Directors acknowledges their responsibility for the accuracy and adequacy of the Bank's financial statements and any information included in this report.

C. Annex IV contains the information required concerning each member of the Board of Directors (qualifications, experience, share in the capital of the Bank, independence, date of appointment, any memberships in boards of directors of other companies, remunerations obtained from the Bank, funds provided thereby to the Bank, and any other transaction between the Bank and the member or the associated persons).

D. Annex IV contains the information required concerning each of the Sharia Supervisory Board members, as well as the annual remuneration thereof, and the amounts paid to each of them in the form of travel expenses inside and outside the Kingdom.

E. Annex IV contains the benefits and bonuses earned by the top executive Management in the form of wages, remunerations, salaries, and bonusesetc, and payments made for each of them as travel and transport expenses inside the Kingdom.

F. Annex IV includes the names of shareholders who hold (1%) or more of the Bank's capital.

G. The Board of directors has reviewed the consolidated report, which shows the complaints of the customers during 2021; the results of the complaints evaluation report by the Board were as follows:

1. The interest of the executive management in the complaints of customers and the actions taken to improve the level of service provided to them, contributed significantly to alleviating the burdens of customers even if there are no complaints from them, and obtaining fair treatment, and we did not see through the reports of customer complaints fundamental issues affecting the reputation of the bank and/or its development and growth, and is taken with the observations of customers no matter how simple in preparing studies on the development of products and services.

2. Studies carried out by the relevant departments of the Bank to identify repeated complaints on the same subject and their causes and actions taken well, the powers granted to those concerned to carry out the necessary investigations and request the necessary information to complete their work appropriately, including sending special teams to investigate the cases that warrant it, to reach his conviction of the validity of the procedures followed.

Acknowledgement

The Board of Directors of Jordan Islamic Bank hereby acknowledges that, for the past year, none of the Board of Directors members obtained any benefits during his work in the Bank without declaring the same, either in cash or in-kind , and either for himself in person or to any person related to him.

Dr. "Mohammad Khair" Mohammad Salem Al-Issa

Annex II

Disclosure Requirements according to the IT Governance Guide and the Associated Technology

Annex II

“Disclosure Requirements according to the IT Governance Guide and the Associated Technology”

Compliance with the terms of the IT Governance Guide and the associated technology:

The concept of IT Governance is of great interest to all levels of government, legislation, supervisors, regulators, and business organizations alike. The studies and research revealed the advantages and benefits gained on the macroeconomic level and the economic units as a result of applying the rules and standards of sound governance. Moreover, the profound attempts to fix the pillars of corporate governance showed the critical role of IT governance. The proper application of the principles, rules, and methodology of IT governance is a means to protect information security and privacy in economic institutions.

That’s why the Bank decided to implement the corporate governance practices related to this subject, along with the preparation of the IT Governance Guide and the associated technology based on the instructions of the Central Bank of Jordan No (65/2016) dated 25/10/2016 and publish the guide on the Bank’s website (www.jordanislamicbank.com).

The level of achievement of the terms of the IT Governance Guide and the associated technology No. (65/ 2016) is as shown in the table below. Based on the pre-set plan, the following evaluation date agreed upon will be during February 2021:

Item	Accomplished	Partially Accomplished	Not Accomplished	Total
Item 4: Development of the IT Governance Guide and assistant technology	2	0	0	2
Item 5: Dissemination of the IT Governance Guide and assistant technology	2	0	0	2
Item 6: IT Governance Guide and the assistant technology objectives	14	0	0	14
Item 7: Committees	32	0	0	32
Item 8: IT governance and administrative processes	5	0	0	5
Item 9: Internal and External Audit	18	0	0	18
Item 10: Principles, Policies, and work frames	4	0	0	4
Item 11: Organizational Structure	2	0	0	2
Item 12: Information and Reports	4	0	0	4
Item 13: Services, Infrastructure, and Applications	2	0	0	2
Item 14: Employees, Skills and Competencies	4	0	0	4
Item 15: Culture, Ethics and behavior	3	0	0	3
Total	92	0	0	92
Compliance level in %	100%	0	0	100%

Annex III

“The Governance Report” according to the instructions issued by Jordan Securities Commission for the Public Shareholding Companies Listed for 2017

Annex III

“The Governance Report”

According to the instructions issued by Jordan Securities Commission for the Public Shareholding Companies Listed in Amman Stock Exchange for 2017

1. The information and details related to the application of the provisions of the instructions and rules of corporate governance:

Jordan Islamic Bank decided to adopt the sound Corporate Governance Practices and prepare the “Corporate Governance Guide” in accordance with the best international practices in the field, and in consistence with Islamic banks, corporate governance amended instructions No. (64/2016) dated 25/09/2016 issued by the Central Bank of Jordan; it is noteworthy to mention that the Bank prepared the corporate governance guide on 31/12/2007 for the first time.

The Bank prepared and updated a corporate governance guide and published it on its website (www.jordanislamicbank.com) to comply with it in terms of the Board of Directors (composition, suitability, meetings, secretary’s duties, Board of Director’s responsibilities and tasks, duties of the Board of Directors’ members and chairman, responsibility and accountability, and the the Board of Directors’ sub committees), High Executive Management (The executive role of the CEO/General Manager, tasks, suitability, and responsibility), Sharia Supervisory Board (appointment of the Board, practicality, independence, meetings, tasks, obligations, and regulating the Board’s works), monitoring and internal control environment (monitoring and internal control systems, internal auditing department, internal Sharia auditing department, external auditing, risk management department, and compliance department), and last but not least, relations with shareholders and the Joint Investment Account holders.

The Bank applies all the guidelines provided in the “Guidelines for Corporate Governance for Public Shareholding Companies Governance in 2017, issued by the Securities Commission.

**Report of the Sharia Supervisory
Board for the Fiscal Year
Ending 31/12/2021**

Jordan Islamic Bank

Date: 20 Jumada II, 1443 H

Corresponding to : 23th January 2022

Head Office

Report of the Sharia Supervisory Board For the Fiscal Year Ending 31/12/2021

All Praise be to Allah, Lord of the Worlds, And Prayers and Peace be upon our Prophet Mohammed and his Family and Companions

To: Messrs./ Shareholders of Jordan Islamic Bank.

Peace be Upon You, so as Allah's Mercy and Blessings,

As per the Banks Law of Jordan No. 28 of the Year 2000 and the amended Law No. (7) of 2019 thereof, and the provisions thereof concerning Islamic Bank, and the Bank's Articles of Association, the Sharia Supervisory Board hereby provides the following report:

The Sharia Supervisory Board has supervised the principles and the contracts used concerning the transactions and the applications that the Bank made available during the fiscal period ending on 31/12/2021, and conducted the needed supervision to give the opinion thereof as regards the Bank's compliance with the teachings of Islamic Shari'a, the specific fatwas, decisions, and guidelines that we had issued to verify the Bank's compliance therewith.

It is the management's duty to exercise the Bank's business in accordance with the provisions of Islamic Sharia and to ensure that our responsibility is limited to giving independent opinion based on our observance of the Bank's operations and reporting this to yourselves.

We have done our audit, which consisted of examining the authentication and the procedures applied by the Bank, we examined each type of the transactions through the Internal Sharia Audit Department.

We planned and performed our supervision to receive all information and clarifications that we deemed necessary to give us reasonably sufficient evidence that the Bank did not breach the teachings and principles of Islamic Sharia.

In our opinion:

- A. Contracts, operations, and transactions of the Bank during the year ending on 31/12/2021 that we reviewed was made in accordance with the teachings and principles of Islamic Sharia .
- B. Distribution of profit and charging the loss to the Investment Profit Accounts and the Investment Risks Fund and/or the provision of expected credit losses and/or Mutual Credit Fund is consistent with the fundamentals that we approved in accordance with the teachings and principles of Islamic Sharia.
- C. All amounts that the Bank received from sources or in manners that are not consistent with the teachings and principles of Islamic Sharia were excluded from the Bank's revenues, and they were given to charity.
- D. The duty of dispensing Zakat is vested with shareholders, no authorization is given to the Bank to dispense it directly, there is no law for this regard, nor the Articles of Association or the General Assembly decisions provides so, nor there is any authorization given by the shareholders in this regard. Therefore, a shareholder shall dispense the Zakat imposed on the shares thereto when the Sharia conditions and requirements for this regard are met, taking into consideration the following:

Head Office

- Where intention upon share purchase or subscription was trading, Zakat shall be based on the market value of the shares and the dividends distributed.
- Where intention upon share purchase or subscription was to receive dividend and not to trade, Zakat is imposed on the distributed dividends, in addition to the Zakat, **given that Zakat is (28 Fils/ share), Twenty-Eight Fils per share.**
- In the event the necessary amounts of cash is not available, Zakat or part thereof might be deferred and so it becomes a debt to be settled as soon as the amount of money is available.

The Sharia Supervisory Board would like to thank the Bank's management and staff for giving due attention to the observance of the teachings and principles of Islamic Sharia, for their good management, and for the good results of the Bank.

Grace be to Allah, the Lord of Worlds

INDEPENDENT AUDITOR'S REPORT
To the Shareholders of Jordan Islamic Bank
Public Shareholding Company
Amman - Jordan

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Jordan Islamic Bank Public Shareholding Company (the "Bank") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated income statement, consolidated statement of comprehensive income, consolidated statement of changes in equity, consolidated statement of cash flows, and consolidated statement of sources and uses of funds of Al Qard Al Hasan fund for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Group as at 31 December 2021, and its financial performance and its cash flows for the year then ended in accordance with Islamic Shari'a rules and principles as determined by the Shari'a Supervisory Board of the Bank and in accordance with Financial Accounting Standards as issued by the Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards, are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* (IESBA Code) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in Jordan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Expected credit losses of deferred sales receivables and other receivables and financing notes (7) and (9).

The process of estimating expected credit losses of customers' receivables and finances, balances and investment accounts at banks and financial institutions, and financial assets at amortized cost in accordance with the Islamic Financial Accounting Standard No. 30 is important, complex and requires significant judgment.

Islamic Financial Accounting Standard No. 30 requires the use of the expected credit losses model. This requires the Bank's management to use several assumptions and estimates to determine the timing and value of expected credit losses as well as applying judgment to determine the inputs to the impairment measurement process including assessing collaterals and determining the date of default.

Due to the importance of the judgements applied in Islamic Financial Accounting Standard No. (30) and credit exposures that form a major part of the Bank's assets, the expected credit losses are considered a significant audit risk.

Gross deferred sales receivables and other receivables and financing as at 31 December 2021 amounted to JD 3,302,746,991 and the provisions balance amounted to JD 114,864,610.

Our audit procedures included an understanding of the nature of the portfolios of customers' receivables and financings in addition to testing the internal controls used in the granting, recording, credit monitoring, and assessing the effectiveness of main procedures followed in granting and recording

As part of the control testing procedures, we assessed whether the key controls in the above processes were designed, implemented and operated effectively, as well as procedures for assessing the following:

- The Bank's policy regarding the provision for expected credit losses in accordance with the Islamic Financial Accounting Standard No. 30.
- Understanding the expected credit loss model used in calculating provisions and its compliance with the requirements of Islamic Financial Accounting Standard No. (30) and the relevant regulatory guidelines and directives.
- Key assumptions and judgments related to the significant increase in credit risk, the definition of default, and the use of macroeconomic inputs to verify that the ECL amounts recorded reflect the underlying credit quality and macroeconomic trends.
- The appropriateness of stages.
- Appropriateness of determining exposure at default, including the consideration of repayments in the cash flows and the resultant arithmetical calculations.
- Appropriateness of the PD, EAD, LGD and EIR used for different exposures at different stages.
- Appropriateness and objectivity of the internal rating.
- Soundness and mathematical integrity of the ECL Model.

	<ul style="list-style-type: none"> - For exposures moved between stages, we have checked the appropriateness of the Bank's determination of significant increase in credit risk and the resultant basis for classification of exposures into various stages. We also checked the timely identification of exposures with a significant deterioration in credit quality. - For exposures determined to be individually impaired, we re-performed the ECL calculation and obtained an understanding of the latest developments in the counterparty's situation of the latest developments in estimate of future cash flows, current financial position any rescheduling or restructuring agreements. - We inspected legal agreements and supporting documentation to confirm the existence and legal right to collateral. <p>We also assessed whether the consolidated financial statement disclosures appropriately reflect the requirements of the Accounting and Auditing Organization for Islamic Financial Institutions (AAIOFI).</p>
--	---

Other information included in the Group's 2021 annual report.

Other information consists of the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon. Management is responsible for the other information. The Group's 2021 annual report is expected to be made available to us after the date of the auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Islamic Shari'a rules and principles as determined by the Shari'a Supervisory Board of the Bank and in accordance with the Financial Accounting Standards as issued by the Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI), and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group's or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the International Standards on Auditing (ISAs), will always detect a material misstatement when it exist. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with International Standards on Auditing (ISAs), we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Group's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period, and are therefore the key audit matters. We describe these matters in our auditor's report, unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonable be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

The Group maintains proper books of accounts which are in agreement with the consolidated financial statements, and we recommend approving them.

1. General Information

Jordan Islamic Bank ("the Bank") was established as a Jordanian public shareholding company on 28 November 1978 pursuant to the provisions of the companies law No. (12) of 1964. Head office is located in Amman.

The Bank offers banking, financial, and investment services in compliance with the rules and principles of the Islamic Shari'a through its head office, 84 branches and 25 banking offices in the Kingdom as well as its subsidiaries. The Bank's transactions are governed by the applicable Bank's Law.

Jordan Islamic Bank shares are listed on the Amman Stock Exchange – Jordan.

The consolidated financial statements were authorized for issue by the Bank's Board of Directors in their meeting No. (1) held on 8 February 2022 and it is subject to the approval of the General Assembly and the Central Bank of Jordan.

The Bank's Shari'a Supervisory Board reviewed the consolidated financial statements on its meeting No. (1/2022) held on 23 January 2022 and issued their annual report thereon.

According to the Bank's articles of association and in compliance with the principles and rules of the Islamic Shari'a and the general Banks' Laws, the Shari'a Supervisory Board is constitute of three members according to the shareholder's General Assembly decision. The opinion of Shari'a Supervisory Board shall be binding to the Bank, and it is responsible for monitoring the Bank's activities and operations in terms of compliance with Shari'a principles and is responsible for furnishing a Shari'a opinion on the format of contracts necessary to undertake the Bank's activities, and issue an annual report for the shareholder's General Assembly.

2.1. Basis of preparation of the financial statements:

The accompanying consolidated financial statements of the Bank and its subsidiaries financed from the Bank's funds and the joint investment funds have been prepared in accordance with the Financial Accounting Standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI), and in the absence of Financial Accounting Standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions relating to financial statements items, the International Financial Reporting Standards and related interpretations are applied in conformity with the Shari'a standards, pending the promulgation of Islamic Standards therefor.

The Bank complies with applicable local laws and the instructions and regulations of the Central Bank of Jordan.

The consolidated financial statements are prepared on the historical cost basis except for the financial assets at the fair value through owner's equity, the financial assets at the fair value through the joint investment account holders' equity, financial assets at amortized cost and investment in real estate.

The consolidated financial statements are presented in Jordanian Dinars (JD) which is the functional currency of the Bank.

A distinction should be made between owner's equity and joint investment accounts holders'.

2.2. Basis of consolidation of the financial statements:

The consolidated financial statements comprise the financial statements of the Bank and its subsidiaries financed from the Bank's funds and the joint investment funds and subject to the Bank's control. Control exists when the Bank has power to govern the financial and operational policies of subsidiaries in order to obtain benefit from their activities. All intra-company transactions, balances, revenues and expenses are eliminated.

The financial statements of subsidiaries are prepared for the same reporting period as the Bank, using consistent accounting policies.

The results of subsidiaries operations are consolidated in the consolidated income statement from the acquisition date, being the date the Bank obtains control over subsidiaries. The results of operations for disposed subsidiaries shall be consolidated within the consolidated income statement until the date of disposal, which is the same date on which the Bank's loses control over subsidiaries.

The non-controlling interests represent the portion not owned by the Bank or by the unrestricted investment accounts of the subsidiaries owner's equity.

Investments in subsidiaries are accounted for at cost when the Bank issues separate financial statements.

The Bank has the following subsidiaries as at 31 December 2021:

Company name	Paid-in capital	Bank's ownership percentage	Nature of business	Country of incorporation	Acquisition date
	JD				
Al Omariah Schools Company Ltd.	16,000,000	99.8%	Education	Amman	1987
Al Samaha Financing and Investment Company Ltd.	12,000,000	100%	Financing	Amman	1998
Future Applied Computer Technology Company Ltd.	5,000,000	100%	Services	Amman	1998
Sanabel Al-Khair for Financial Investments Company Ltd.	5,000,000	100%	Brokerage	Amman	2005

2.3. Changes in accounting policies

The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the preparation of the Bank's consolidated financial statements for the year ended 31 December 2020, except for the adoption of the following standards:

FAS 31 Investment Agency (Al-Wakala Bi Al-Istithmar)

- This standard defines the accounting principles and reporting requirements for investment agency (Al-Wakala Bi Al-Istithmar) transactions and financial instruments, in the hands of both the Muakkil and the Wakeel.
- The standard requires the Muakkil to evaluate the nature of the investment as either:

A. Pass-through Investment

- A pass-through investment is an investment in which the involvement of the Wakeel, as well as, the options for transferability of the instrument are limited and the Muakkil principally takes a direct exposure on the underlying assets. A Muakkil shall apply the pass-through investment approach for its investments in an investment agency instruments; unless it opts to apply the wakala venture approach.
- Under this approach, the Muakkil shall initially recognize the assets underlying the wakala arrangement in its books of account applying the initial recognition principles as applicable in line with respective FAS.

B. Wakala Venture Approach

- The Muakkil may opt to apply the wakala venture approach if, and only if, the Wakala contract meets any of the following conditions (transferable and negotiable, the nature of the investment requires that changes be made periodically to the invested assets, and the participation of the Wakeel is not limited as in the by-pass investment approach).
- Under this approach, an investment shall be accounted for in the books of the Muakkil applying the “equity method of accounting”; where the investment shall be recognized initially at cost and subsequently shall be measured at the end of the financial period at carrying amount and shall be adjusted to include the Muakkil’s share of profit or loss of the wakala venture.
- From the Wakeel perspective, the standard requires that at inception of the transaction the Wakeel shall recognize Wakala Bi Al Istithmar under the off-balance sheet approach since the wakeel does not control and bare these assets’ risks and losses / related business.

Financial Accounting Standard FAS 32 (Ijarah)

- This standard supersedes FAS 8 “Ijarah and Ijarah Muntahia Bittamleek”. The standard aims at setting out principles for the classification, recognition, measurement, presentation and disclosure of Ijarah type transactions including their different forms entered into by an institution, in both the capacities of lessor and lessee.
- The Group has implemented the requirements of International Financial Reporting Standard 16 (IFRS 16) as per the Central Bank of Jordan’s requirements effective from 1 January 2019. The implementation of Financial Accounting Standard 32 did not have any impact as there are no material differences between the two standards.

2.4. Significant Accounting Policies

Segment Information:

- Business segment represents a group of assets and operations of the Bank that are engaged together in providing products or services that are subject to risks and rewards different from those related to other business sectors, and are measured in accordance with the reports used by the General Manager and operating decision maker of the Bank.
- Geographical segments are associated to products and services in a specific economic environment subject to risks and rewards different from those sectors operating in other economic environments.

Basis of distributing joint investments profit between owner's equity, unrestricted investment accounts holders' , restricted investments accounts holders' and Al-Wakala Bi Al Istithmar accounts holders' (Investment portfolio):

- The Bank share as Mudarib was 50% for Jordanian dinar and 60% for foreign currency from total joint investment profit. (2020: 50% for Jordanian dinar, 55% for foreign currency), the remaining balance was distributed between each according to its percentage of contribution, taking into consideration that the priority for funds investment relates to the unrestricted investment accounts holders'.
- The bank waived a portion of its share as Mudarib to become 43.4% instead of 50% to improve the overall share of profits distributed to all of the joint investment accounts holders with an amount of JD 7,000,000 and some of the joint investment accounts holders with an amount of JD 6,062,412 based on tiers (segments) in accordance with the Central Bank instructions Number (10/1/9173) dated of 27 June 2019.
- The joint investment accounts share in the investment profits, which are distributed to all investors each by its percentage of participation and conditions of the account agreement signed between the Bank and the investor.

Joint investment accounts participate in the profit as follows:

- 40% of the annual average balance of saving accounts.
 - 70% of the annual average balance of notice accounts.
 - 90% of the minimum balance of term deposit accounts.
- The Bank bears all administrative expenses except for the insurance expense of Ijarah Muntahia Bittamleek assets which are allocated to the joint investment accounts profit.
 - The Bank's fees as an agent (wakeel) were deducted at a rate of 2% of the Al Wakala Bi Al Istithmar account's Capital (Investment Portfolio) as at 31 December 2021. The Bank waived (as an agent – Wakeel) a portion of its share of the increase in net profit over 3% after deducting the income tax on the agreed distributed dividends under the prospectus of an amount of JD 1,276,220.
 - The Bank's fees as an agent (wakeel) were deducted at a rate of 2% of the Al Wakala Bi Al Istithmar account's Capital (Investment Portfolio) as at 30 June 2021. The Bank waived (as an agent – Wakeel) a portion of its share of the increase in net profit over 3% after deducting the income tax on the agreed distributed dividends under the prospectus of an amount of JD 1,175,041.
 - Profit was distributed to Al Wakala Bi Al Istithmar (Investment Portfolio) accounts holders' after deducting the Bank's fees as an agent (wakeel).
 - Restricted investment accounts are managed through Mudaraba contracts.
 - Bank's share as Mudarib was deducted at a rate ranging between 7% - 25% of restricted investment accounts in Jordanian Dinars profit and at a rate of 45% of restricted investment accounts' in foreign currencies profit. Additionally, general profit rate distributed to restricted investment accounts in Jordanian Dinars was 2% and foreign currencies restricted investments accounts was between 0.5% - 1% as at 31 December 2021 (2020: 0.7% and 1% respectively).
 - Bank's fee as Wakeel was deducted at a rate ranging between 0.7% - 1.25% on restricted investment accounts/Wakala contracts.

- Profit was distributed after deducting the Bank's share as Mudarib/Wakeel on the restricted investment accounts/restricted.

Shari'a non-compliant revenues, gains, expenses and losses:

- The Bank recognize these amounts in a separate account within the other liabilities and shall be distributed to charitable activities as determined by the Shari'a Supervisory Board.

Zakah:

- The responsibility of Zakah payment rests on the shareholders, unrestricted and restricted investment accounts holders' and participants in Al Wakala Bi Al Istithmar (Investments Portfolio) upon the fulfilment of Zakah required conditions.

Deferred sales receivables:

1. Murabaha Contracts:

- Murabaha: is selling a commodity for the same purchase price plus an agreed predetermined profit margin computed based on a percentage of the price or fixed amount, and it represent one of Boy'ou Amanah types that depends on disclosing the purchase price or cost.
- Murabaha to the purchase orderer: is the transaction whereby the Bank sells a commodity to its customer (purchase orderer) with a markup on its purchase price (or cost) after identifying that increment (Murabaha profit). It's also called Banking Murabaha.
- The Bank applies the commitment to the promise principle in Murabaha to the purchase orderers contracts in accordance with the standards issued by Accounting and Auditing Organization for Islamic Financial Institutions.
- Deferred sales profit (by which the buyer will pay a lump sum price that matures at a future date or instalments paid at various subsequent dates) is recognized through the proportional allocation of this profit to the future financial periods until the maturity date of the contract, regardless whether the payment is settled or not.
- Deferred sales receivables are recognized when the transaction takes place at its face value, and are measured at the end of the financial period on the basis of the net realizable expected cash value, which is the amounts owed by customers at the end of the financial period less expected credit loss.

2. Istisna'a contracts:

- **Istisna'a**: is a sale contract between Al-Mustasni' (the buyer) and Al-Sani' (the seller) whereby Al-Sani' based on the order of Al-Mustasni' under takes to have manufactured or otherwise acquire a prescribed commodity (Al- Masnoo') upon delivery in return for an agreed upon price and method of settlement, whether at the time of contracting, by instalments or deferred to specific future time. It's a condition that Al- Sani' provide the material and/or labor of Al - Masnoo'.
- **Parallel Istisna'a**: is conducting two separate contracts, one with the customer in which the Bank represents Al-Sani' and the other with Al-Sani' (contractor) in which the Bank represent Al-Mustasni'. Profit is achieved through the price difference in the two contracts, in most cases one contract is immediately effective (with Al-Sani') and the second is deferred (with the customer).
- Istisna'a costs include direct and indirect costs of the Istisna'a activities that can be allocated on

objective basis for certain contracts. General and administrative expenses, marketing expenses, and research and development costs shall not be included in Istisna'a costs.

- Istisna'a costs incurred during the financial period, as well as pre-contract costs shall be recognized in Istisna'a in progress account in (Istisna'a) or in Istisna'a cost account (in Parallel Istisna'a).
- In cases where Al-Mustasni' (the buyer) fails to settle the agreed upon price in full and agree to make repayment through instalments during the execution of the contract or after the completion of the contract, deferred profit shall be recognized and offset against Istisna'a receivables balance in the Bank's statement of financial position. This treatment shall be applied whether the percentage of completion method or completed contract method is used in recognising Istisna'a revenues. Deferred profit recognized shall be allocated over the future financial periods whereby each financial period shall carry its portion of profit irrespective of whether cash is received or not.
- Istisna'a contracts are presented in the total amounts paid by the Bank since contract inception, while parallel Istisna'a contracts are presented in the net contractual value. impairment provision is calculated as expected credit loss with forward looking characteristics in relation to obligors and financial environment.
- Any additional costs paid by the Bank in Parallel Istisna'a as a result of breaching the contractual obligations are recognized as losses in the consolidated income statement and shall not be recognized in the calculation of the Istisna'a costs account.
- In case the bank retains Al- Masnoo', the asset is measured at the lower of expected realizable cash value or cost. Any difference between these values shall be recognized in consolidated income statement for period in which it was occurred.

3. Assets available for deferred sale:

- This item represent assets acquired by the Bank for the purpose of selling these assets on a deferred basis (instalments). This type of selling assets is also called instalment-bargain sale to distinguish it from Murabaha to the purchase orderer.
- At contract inception, the assets available for deferred sale shall be recognized and measured at cost (purchase price and any direct expenses related to acquisition of the assets).
- Assets available for deferred sales shall be revaluated at fair value at the end of the financial period, the change in the value, if any shall be measured as the difference between the book value and the fair value. Unrealized profits (losses) shall be recognized in the fair value reserve account.
- Profits of the deferred sales shall be recognized on an accrual basis and proportionally allocated over the period of the contract. Profits related to future financial periods shall be recognized in deferred sales profit account.
- Deferred sales receivables shall be recognized at contract inception and measured at their face value (contracted value).

Musharaka financing:

- It is the provision of funds by the Bank and customer equally or differently in order to set up a new project or participate in an existing one, whereby each of them would own a share in the capital either on a fixed or diminishing basis and would be entitled to its share of the gains. Losses are divided proportionate to the partner's share in capital, whereby it would be inappropriate to

stipulate otherwise, Musharke is divided into fixed or diminishing Musharka Muntahia Bittamleek.

- The Bank's share in Musharaka capital is recorded upon delivery to the managing partner or when it is deposited in Musharaka account, as it is measured at the cash paid value or at fair value if in-kind. If a difference results from the evaluation of the in-kind item between fair value and book value, it is recognized as a profit or a loss.
- The capital in the diminishing Musharaka is measured at the end of the financial year at the historical value less the historical value of the share sold at the agreed upon fair value, and the difference between both values is recorded as a profit or loss in the consolidated statement of income.
- The Bank's share of the gains or (losses) of Musharaka financing which arises or expires during the financial year is recorded after settlement. In the event that Musharaka continues for more than a financial year, the Bank's share of the profits is recorded upon their realization by accounting for them, in whole or any part thereof, between the Bank and the partner in the financial year in which the profits occur to the extent of the distributed profits. Moreover, losses for a financial year are recorded in that year to the extent of the losses by which the Bank's share in the Musharaka capital is reduced.
- An additional provision of expected credit losses for deferred sale receivable and other receivables in case there is an indication of a significant increase in credit risk.
- In the event that losses occur due to the partner's wrongdoing or default, the partner shall bear the losses and they will be recorded as a liability against them.
- At the end of the financial year, the financing assets are recorded at cost or at cash value expected to be realized, whichever is lower, and the difference is recorded as an expected credit losses provision.
- Deferred sales receivables and funding financed from unrestricted investment accounts are written off in the event that the measures taken to collect them are not feasible and is recorded on expected credit losses provision account, and the proceeds from the receivables / finances that were previously written off are added to the investment profit account. Deferred sales receivables and finances that are self funded are written off in the event that the measures taken to collect them are not feasible and is recorded on expected credit losses provision account - self, and the proceeds from the receivables / finances that were previously written off are added to the revenues account. Any surplus in the gross provision - if any - is transferred to the consolidated income statement.

Financial assets at fair value through profit or loss:

- Financial assets at fair value through profit or loss, are those purchased with the intent to resell in the near future to generate gains as a result of changes in market prices of such investments.
- They are initially recognized at the fair value of consideration given (transaction costs are recorded in the consolidated income statement at the point of purchase) and subsequently re-measured at fair value. All realized and unrealized gains or losses are transferred to the consolidated income statement including any gains or losses resulting from the translation of such assets held in foreign currencies to the functional currency.
- Profits realized and dividends received are recorded in the consolidated income statement.

Financial assets at fair value through owner's equity– self financed:

- These assets represent investments in equity instruments funded by the Bank's self funds in order to hold them in the long term.
- These assets are initially recognized at fair value plus acquisition expenses, and subsequently measured at fair value. The change in fair value is presented in the fair value reserve within owner's equity.
- Gains and losses resulting from the sale of these assets is recognized within the retained earnings in accordance with FAS 33 and the Central Bank of Jordan regulations.
- Any impairment loss in the value of these assets shall be recognized within the consolidated income statement.
- Impairment losses previously recognized in the consolidated income statement can be retrieved if it is objectively evidenced that the increase in the fair value occurred in the period subsequent to the recording of impairment losses through the fair value reserve within the shareholders' equity.
- Gains derived from these financial assets is recognized within the consolidated income statement at the date of distribution.
- Gains and losses resulting from foreign currency translation differences for these assets are recognized within the fair value reserve.
- Financial assets which fair value cannot be determined reliably are stated at cost, and tested for impairment at the end of each financial period and any impairment is recognized in the consolidated income statement, and cannot be retrieved in subsequent periods.

Financial assets at fair value through joint investment account holders' equity:

- These assets represent investments in equity instruments and funded by joint investments accounts in order to hold them in the long term.
- These assets are initially recognized at fair value plus acquisition expenses, and subsequently measured at fair value. The change in fair value is presented in the fair value reserve within joint investment account holders' equity.
- Gains and losses resulting from the sale of these assets and impairment losses is recognized within the consolidated income statement including amounts previously recognized in joint investments accounts holders' equity in accordance with the Central Bank of Jordan regulations.
- The impairment losses previously recognized in the consolidated income statement can be retrieved if it is objectively evidenced that the increase in the fair value occurred in the period subsequent to the recording of impairment losses through the fair value reserve within the joint investment accounts.
- Gains derived from these financial assets is recognized within the consolidated income statement at the date of distribution.
- Gains and losses resulting from foreign currency translation differences for these assets are recognized within the fair value reserve.
- Financial assets which fair value cannot be determined reliably are stated at cost, and tested for impairment at the end of each financial period and any impairment is recognized in the consolidated income statement, and cannot be retrieved in subsequent periods.

Financial assets at amortized cost:

- This item represent financial assets invested based on contractual cash flows and is not held for trading or recognized as financial assets at fair value through income statement. Cash flows constituting of variable or constant return on the outstanding principal amount and profit.
- These instruments are initially measured at cost plus acquisition expenses.
- These assets are measured using the effective profit method at the end of financial period. All gains and losses arising from amortization process are recognized in the consolidated income statement. Financial assets at amortized cost book value are reduced by the expected credit loss and are recognized within the consolidated income statement (in case the investment is self-financed) and within investment risk fund revenues (in case the investment is jointly financed).

Investments in associates:

- An associate is an entity in which the Bank has significant influence over its financial and operating policies and is not controlled by the Bank, where the Bank hold a rate between 20% to 50% of the voting rights.
- The Bank's investment in associates is accounted for using the equity method of accounting.
- In case of preparing the Bank's separate financial statements, the investment in associates is presented at fair value.

Ijarah and Ijarah Muntahia Bittamleek:

- Ijarah is the transfer of ownership of the right to benefit of using an asset for a consideration and is divided into:
- **Operating Ijarah:** is Ijarah contract that do not end up with the transfer of ownership of leased assets to the lessee.
- **Ijarah Muntahia Bittamleek:** is Ijarah contract that end up with the transfer of ownership of the leased assets to the lessee and might take more than one form in accordance with the Financial Accounting Standard issued by the Accounting and Auditing Organization for Islamic Financial Institutions.
- Assets acquired for Ijarah shall be recognized upon acquisition at historical cost including all expenditures necessary to bring the asset to its intended use. Leased assets are depreciated according to the depreciation policy used by the Bank.
- When the recoverable amount from assets acquired for Ijarah is lower than its carrying amount, the assets are written down to its recoverable amount, and an impairment is recognized in the consolidated income statement.
- Ijarah revenues shall be allocated proportionately to the financial periods of the Ijarah contract.
- Maintenance expenses incurred in relation to the leased assets are recognized when incurred.

Investments in real estate:

- It is the acquisition of real estate or land or part of it for the purpose of obtaining periodic income or keeping it for the purpose of anticipating an increase in its future value or for both.
- Investments in real estate are recorded at cost and include expenditures whose origin can be directly determined, and subsequent measurements of these investments are done at fair value. Unrealized profits resulting from the change in the fair value of investment in real estate are directly recognized in owner's equity under the category of fair value reserve for investments, taking into account the separation between owner's equity and what is related to investment account holders, and unrealized losses resulting from the re-evaluation of the fair value of investments in real estate must be adjusted to the extent that the balance of that reserve permits, and in the event that unrealized losses exceed the reserve balance, what exceeds the reserve balance shall be recorded in the income statement Under the item unrealized losses from the valuation of investments in real estate, taking into account the ownership of the funds invested in the real estate.
- In the event that there are unrealized losses that were proven in a previous financial period and evaluation profits (unrealized) occurred in a subsequent financial period, then these profits are recorded in the income statement to the extent that equals the unrealized losses that were recorded in the previous financial periods in the income statement and any surplus in this profit is added to the fair value reserve for investments in real estate.
- Periodic income from investments in real estate is recognized in the income statement according to accrual, taking into account the ownership of the funds invested in real estate.
- Maintenance costs for investments in real estate are recorded in the income statement upon incurring them, taking into account the ownership of the money invested in real estate.

Repossessed assets by the Bank against debts

- They are the assets that are repossessed by the Bank against debts with no intentions to own them by the Bank. The Bank has no intention to hold the repossessed assets in order to earn income or for capital appreciation.
- Repossessed items appears in the balance sheet items in order assets items.

Deposit insurance corporations law

- On 1 April 2019, an amendment was issued for the Deposit Insurance Corporations law to include Islamic banks to the Jordan Depository insurance company's laws and regulations, the amendment specified that the contribution fees related to the bank's self-deposits (Credit accounts and it's equivalent and the Bank's share of the unrestricted investment accounts) shall be borne by the Bank- self and contribution fees related to the joint investment accounts are borne by the investors – joint accounts.

Islamic Financial Accounting Standard 30 (Impairment and Credit Losses and Onerous Commitments)

- According to the instructions of the Central Bank of Jordan No. (6/2020) dated July 5, 2020 regarding the impairment and credit losses and onerous commitments (FAS 30), the requirements of FAS 30 measuring the expected credit loss (loss of credit impairment / provisions) should be presented, for credit exposures that fall within the scope of (FAS 30), in terms the mechanism of listing debt instruments / credit exposures as well as the methodology for calculating the expected credit loss.

Provision for future expected investment risks

- The Bank suspended deducting 10% from the joint investment accounts net profit according to law amending banking law no 28 for the year 2000 starting from 1 May 2019 and the Fund's balance was transferred to other required provisions.
- The investment risk fund surplus was held as a provision for future expected investment risks in accordance with the Central Bank of Jordan circulation no. (10/1/9173) dated 27 June 2019.
- When an additional provision is needed the additional provision will be charged against the assets financed by the joint investment accounts on the joint investment profit and on the consolidated income statement if the assets were self financed by the Bank, it shall be by the financial assets from joint investment accounts, and on income statements if the asset was Bank-self shares.

Fair value of financial assets:

- Closing prices (purchasing assets/ selling liabilities) on the date of consolidated financial statements in active markets represents the fair value of quoted financial instruments. In the absence of quoted prices or when there is no active market, fair value is normally based on comparison with the current market value of a highly similar financial instruments. When the fair value of an investment cannot be reliably measured, it is stated at cost after the writing down any impairment.

Fair value of non-financial assets measured at fair value:

- Market prices represent the fair value for non-financial assets at the date of consolidated financial statements (when active markets of such assets are available). In cases where market prices are not available, they are assessed by taking average value of three assessments of experienced and certified parties.

Depreciation:

A. Depreciation of assets available for investment

- Assets available for investment shall be depreciated in accordance with the Bank's adopted policy for the investment in these assets. These assets shall be depreciated over its useful life using straight-line basis.

B. Property and Equipment

- Property and equipment are measured at cost less accumulated depreciation and any impairment. Depreciation is calculated (except for lands) using the straight-line method over their estimated useful lives when property and equipment are ready for use

Item	Depreciation rate
Buildings	2%
Equipment, furniture and fixtures	5%-20%
Vehicles	15%
Computers	35%

- The useful lives of property and equipment are reviewed annually. If expected useful lives vary from the estimated ones; the change in estimate is adjusted prospectively.
- The carrying values of property and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying values may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amounts, the assets are written down to their recoverable amount, and the impairment is recorded in the consolidated income statement.

Intangible assets:

- Intangible assets are classified based on the assessment of their useful lives to definite and indefinite. Intangible assets with definite lives are amortized over the useful economic life, and amortization is recognized in the consolidated income statement, while intangible assets with indefinite useful lives are assessed for impairment at the date of consolidated financial statements and any impairment in their value is recorded in the consolidated income statement.
- Intangible assets arising from the Bank's operations are not capitalized and are recorded in the consolidated income statement for the same year.
- Any indications of impairment of intangible assets are reviewed at the date of consolidated financial statements; in addition, the useful lives of these assets are reviewed annually. If expected useful lives vary from the estimated ones; the change in estimate is adjusted prospectively.

Item	Amortization rate
Software	50%

Provisions:

- Provisions are recognized when the Bank has a present obligation (legal or constructive) at the date of the consolidated financial statements arising from a past event and the costs to settle the obligation are both probable and able to be reliably measured.

End of service indemnity provision

- End of service indemnity provision shall be calculated pursuant to the provisions of the labor law and the management estimation.

Employees' vacation provision

- Employees' vacation provision shall be calculated pursuant to the Bank's bylaws, and shall be calculated in accordance with the accrual basis.

Income tax:

- Tax expense comprises current taxes and deferred taxes.

- Current tax is calculated based on taxable profits, which may differ from accounting profits published in the consolidated financial statements. Accounting profits may include non-taxable profits or non-deductible expenses which may be exempted in the subsequent financial years.
- The Bank has booked provision for income tax in accordance with Income Tax Law No. (34) of 2014 and its amendments, and International Accounting Standard No. (12) which provides for the recognition of deferred taxes resulting from time differences in the fair value reserve. As a result, the Bank may have deferred tax liabilities.
- Deferred tax is the amounts expected to be paid or received as a result of temporary timing differences at the consolidated financial statements date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on laws that have been enacted or substantially enacted at the reporting date.
- The carrying values of deferred income tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Costs of issuing or purchasing the Bank's Stocks:

- Any costs resulting from issuing or purchasing the Bank's stocks shall be charged to the retained earnings (on a net basis after the tax effect of these costs, if any). If the issuance or purchasing is not completed, these costs shall be recorded as expenses in the consolidated income statement.

Accounts managed for customers:

- This item represent the accounts managed by the Bank on behalf of its customers and shall not be recognized as part of the Bank's assets. Charges and commissions of managing these accounts shall be recognized in the consolidated income statement.

Offsetting:

- Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position only when there is a legally enforceable right to set off the recognized amounts and the Bank intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously.

Revenues and expenses recognition:

- Revenues and expenses are recognized based on accrual basis except for revenue on non-performing deferred sales and non-performing facilities which transferred to the revenue in suspense account and not recognized within the consolidated income statement.
- The commissions shall be recognized as revenues when service is rendered, and the dividends of companies' stocks shall be recognized upon realization (approved by the General Assembly of Shareholders).

Timing of financial assets recognition:

- Sale or purchase of financial assets is recognized at the trade date (the date that the Bank commits to purchase or sell the asset).

Foreign Currencies:

- Transactions in foreign currencies during the year shall be recorded at the prevailing exchange rate at the date of the transaction (Al Taqabud).
- Monetary assets and liabilities in foreign currencies are translated to the functional currencies at the rates of exchange prevailing at the consolidated statement of financial position date as published by the Central Bank of Jordan.
- Non-monetary assets and liabilities in foreign currencies carried at fair value are translated at the date in which the fair value was determined.
- Any gains or losses are recognized within the consolidated income statement.
- Translation gains or losses on non-monetary items carried at fair value (such as shares) are recognized within the fair value reserve.

Cash and cash equivalents:

- Cash and cash equivalents consists of cash and balances with central banks and balances at banks and financial institutions with a maturity of three months, net of due to banks and financial institutions that matures within three months and restricted balances.

2.5. The repercussions of Corona virus (Covid 19) on the Group:

On 21 May 2020, the Board Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI) issued a statement "of the accounting effects and consequences of the Corona epidemic" to provide clarifications and explanations regarding the accounting treatment in accordance with the financial accounting standards issued by AAOIFI. The following are the most important of these explanations that had an impact on the Group's consolidated financial statements:

1. Postponement of payments without adding any returns

The Group continued postponing / structuring / rescheduling the financing installments of clients in impacted economic sectors from companies and individuals without adding any returns, and considered the contractual financing period as the extended period after taking into account the deferral of installments, as the deferred profits are amortized over the extended contractual period of the financing. Additionally, the statement noted that it is impermissible to calculate the current value of the finances or to apply the concept of opportunity cost.

2. Granting Qard Hasan loans

The Group continued granting Qard Hasan loans through the Central Bank of Jordan / Corona program to support small and medium-sized companies and collected administrative fees (in segments according to the amounts) based on the fatwa of the Sharia Supervisory Board, totaling around JD 1 million.

3. The impact on expected credit losses

The Bank has adjusted the macroeconomic scenarios during the year 2020 by changing the weighted rates assigned to the three scenarios by giving higher weight to the worst-case scenario. The Bank has reassessed the weights of the scenarios in 2021 as explained in note (62).

3. Use of estimates

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of financial assets and liabilities and disclosure of contingent liabilities. These estimates and assumptions also affect the revenues and expenses and the resultant provisions as well as fair value changes reported in shareholders' equity and unrestricted account holders' equity. In particular, considerable judgment by management is required in the estimation of the amount and timing of future cash flows. Such estimates are necessarily based on assumptions about several factors involving varying degrees of judgment and uncertainty and actual results may differ as a result of changes in conditions and circumstances of those estimates in the future.

We believe that our estimates in consolidated financial statements are reasonable and detailed as follows:

- Impairment provision of deferred sales receivables and financing: in determining impairment of financial assets, judgment is required in the estimation of the amount and timing of future cash flows as well as an assessment of whether the credit risk on the financial assets has increased significantly since initial recognition and incorporation of forward looking information in the measurement of ECL.
- The methodology for applying FAS 30 Impairment and Credit Losses and onerous commitments: The inputs assumptions and techniques for ECL calculation is disclosed in note (62).
- Income tax provision: the fiscal year is charged with its related income tax according to the laws and accounting standards. Also, the deferred tax assets and liabilities as well as the required tax provision are estimated and recorded.
- Fair value measurement: The standard requires determination and disclosure of the level in the fair value hierarchy into which the fair value measurements are categorized in their entirety, segregating fair value measurements in accordance with the levels defined in IFRSs. The difference between level (2) and level (3) of the fair value measurements, i.e., assessing whether the inputs are observable and whether the unobservable inputs are significant. This may require judgement and careful analysis of the inputs used to measure fair value, including consideration of factors specific to the asset or liability.
- Useful lives of tangible and intangible assets: Management estimates the useful lives of tangible and intangible assets upon initial recognition. Moreover, Management periodically re-assesses the useful lives of tangible and intangible assets to calculate annual depreciation and amortization based on the general status of such assets and the estimates of the productive activities expected in the future. The impairment loss (if any) is charged to the statement of income.
- The factors that affect the estimation of the useful lives of property, equipment and intangible assets include management's estimates for the period expected to use these assets by the Bank, technological development and obsolescence. In the event that the useful lives of property, equipment and intangible assets differ from management's estimates, due to an event that resulted in a change in the useful life, the effect of that event will affect the income statement materially.
- Determining the provision for impairment of financial assets requires the Bank's management

to issue important judgments to estimate the amounts of future cash flows and their timing, in addition to estimating any material increase in the credit risk of financial assets after their initial recognition, in addition to taking into account future measurement information for expected credit losses.

- Management periodically reviews the financial assets carried at cost in order to assess any ECL. ECL is allocated in accordance to the financing party.
- A provision is set for the lawsuits raised against the Group. This provision is based to an adequate legal study prepared by the Bank's legal advisor. Moreover, the study highlights potential risks that the Bank may encounter in the future. Such legal assessments are reviewed periodically.

Important estimates related to determining the duration of the lease contract for contracts that include the option to renew the contract.

- The Group determines the duration of the lease contract as the non-cancellable period, taking into account the periods covered by the option to extend the lease if this option is certain to be exercised, or any periods related to the option to terminate the lease, if it is certain that the Group does not exercise this option.
- Under some lease contracts, the Group has the right to lease the assets for additional periods, The Bank makes some estimates when assessing whether it is certain to exercise the renewal option.
- This means that the Group takes into account all relevant factors that constitute an economic incentive to exercise the option of renewal. Subsequently, the Group reassesses the term of the lease in the event of a significant event or change in the conditions under its control, which may affect its ability to exercise (or not exercise) the renewal option (for example, a change in the business strategy).
- The Group has included the renewal period as part of the lease duration due to the importance of these assets in its operating operations. The contract term that is not subject to termination for some of these assets is considered to be relatively short and in the event that these contracts are canceled, the operational process will be negatively affected in the absence of alternatives to these assets .

4. Cash and balances with central bank

This item consists of the following:

	31 December 2021	31 December 2020
	JD	JD
Cash in vaults	182,360,983	179,417,479
Balances at the Central Bank of Jordan:		
Current accounts	538,000,438	493,754,543
Statutory cash reserve *	173,478,737	155,606,501
Total balances at the Central Bank of Jordan	711,479,175	649,361,044
Total	893,840,158	828,778,523

- In compliance with Islamic Shari'a rules and the Bank's Articles of Association and bylaws, the Bank does not earn any interest on balances and current accounts held with the Central Bank of Jordan.
- Amounts of JD 49,014,174 and JD 53,027,314 were deducted as at 31 December 2021 and as at 31 December 2020 respectively, which represent cash balances for accounts managed on behalf of others.
- There are no balances maturing within more than three months as at 31 December 2021 and 31 December 2020.
- There were no restricted balances except for the statutory cash reserve as at 31 December 2021 and 31 December 2020.

The movement on balances in the Central Bank Note (4):

As of 31 December 2021

Item	Stage 1	Total
	Individual	
	JD	JD
Beginning balance	649,361,044	649,361,044
New balances and accounts during the year	746,243,744	746,243,744
Balances and accounts paid	(684,125,613)	(684,125,613)
Ending balance	711,479,175	711,479,175

As of 31 December 2020

Item	Stage 1	Total
	Individual	
	JD	JD
Beginning balance	742,210,345	742,210,345

61. Fair value of financial assets and liabilities not measured at fair value in the consolidated financial statements

As shown in note (11), there are no financial assets not listed in the financial markets that are shown at cost, in order for the Bank to be able to estimate their fair value.

62. Risk Management

Banks are exposed to several risks as a result of the operations they provide to their customers and as a result, the need arose for banks to effectively and efficiently manage the risks that they may be exposed to by using the best available methods to manage risks in line with the nature and size of the risks they may be exposed to.

The Bank undertakes the risk management function through a comprehensive risk management framework approved by the Bank's Board of Directors and senior management in order to identify, measure, follow up and monitor the relevant risk categories and prepare reports on them, and maintain

where needed sufficient capital to meet these risks. These measures take into account the appropriate steps to adhere to the provisions and principles of Islamic law, and this had a great impact in mitigating the effects of the Coronavirus pandemic and the resulting impact on some sectors and increasing the likelihood of default for impacted customers through the necessary precautions to deal with the pandemic and taking adequate allocations for expected credit losses and to maintain sufficient capital to deal with these risks that the Bank may be exposed to.

The risks that the Bank may be exposed to are managed according to the general provisions for managing the risks approved by the Board of Directors according to the following principles:

1. Manage risk through a central, non-executive, independent of business and business support departments, which is the risk management department.
2. Use the three defense lines model to manage risks in our bank, so that it is the first line of defense from the business and support departments, which is the body responsible for the risks to which our bank may be exposed (Risk Owners) and the application of approved controls, and the second line of defense from the Risk Management Department Which defines the controls necessary for risk management in cooperation with the Compliance Control Department and the Internal Control Department, the third line of defense from the Internal Audit Department and the Internal Sharia Audit Department that ensures the application of the controls and their effectiveness.
3. Identify risks that our bank might be exposed to and determining the material risks based on the materiality test that is carried out by the Risk Management Department.
4. Determining the acceptable level of risk for all material risks that our bank may be exposed to, and it is prohibited to exceed it under any circumstances except with the approval of the Board of Directors.
5. Using highly efficient measurement methods to measure all material risks and determine the capital required.
6. Monitor all risks that our bank may be exposed to on an ongoing basis, and prepare the risk profile in accordance with the type of risk and the degree of its materiality.
7. Use of enterprise risk management systems (ERMs) which assist in dealing with risk management.
8. Applying the requirements of the Basel Committee on Banking Supervision Standards and best professional practices in risk management.
9. Disseminating culture of risk management for all the different administrative levels in our bank.

The main objective of our bank's risk management is to provide a safe business environment that works to achieve our bank's strategic objectives, by achieving a set of goals as follows:

1. Capital:

- Maintaining a safe level of capital through adhering to the minimum levels of capital adequacy in accordance with the instructions of the Central Bank of Jordan.
- Maintaining high and high quality capital capable of absorbing losses at any time and in accordance with the requirements of Basel 3 and the relevant Central Bank of Jordan instructions.
- Leverage ratio remains within safe levels by adhering to the minimum level in accordance with the instructions of the Central Bank of Jordan.

2. Quality of Assets:

- The percentage of non-performing accounts remains within the limits set by the Board of Directors.
- The absence of a concentration that exceeds the limits approved at the level of the customer / investment/economic sector/period.

3. Liquidity:

- Having sufficient levels of liquidity to meet the needs of customers in normal and stress conditions.
- Commitment to the minimum levels of the legal liquidity ratio for total currencies, the Jordanian dinar, the liquidity coverage ratio, and the net stable funding ratio.

4. Internal Control and Control Systems:

- Meet the requirements mentioned in the Central Bank of Jordan instructions related to the internal control and control systems.
- Reviewing the operations carried out in our bank and ensuring that the necessary controls are specified in a manner commensurate with the approved risk appetite and the nature and size of risks that our bank may be exposed to.

5. An effective risk management reporting system:

- Having an effective system for risk data and preparing reports on risk management and submitting them to the senior executive management and the Board of Directors.
- Commitment to what is mentioned in the instructions of the Central Bank of Jordan regarding dealing with domestic systemically important banks (D-SIB's) regarding data and preparing reports on risk management issued by the Basel Committee for Banking Supervision.

6. Bank security and safety:

- Laying down the necessary precautionary measures in coordination with the Bank's occupational safety and health committee to maintain health and safety of the Bank employees and customers.
- Setting a special approved guidance to use in the event of the spread of diseases and epidemics.
- Availability of occupational safety and health manual and disaster and emergency response plans.
- Readiness of a Bank's alternative site (the disaster recovery site) in addition to other alternative sites.
- The Risk Management Department reports directly to the Risk Management Committee of the Board of Directors and indirectly to the CEO / General Manager of the Bank, and defines the responsibilities of the Risk Management Department according to the following:
 1. Supervising the stages of the risk management process in our bank.
 2. Identify the risks that our bank might be exposed to and evaluating them to determine the material risks.
 3. Preparing and updating material risk policies that include approved risk appetite and risk management strategies.
 4. Define risk management strategies according to the type of risk, its size and the acceptable level for each of them, taking into account the levels of capital, liquidity and human resources available in terms of the efficiency and adequacy of staff to manage the risks to which our bank may be exposed.

5. Use and develop high-efficiency measurement methods to measure all material risks and determine the required capital.
6. Analyzing the operations carried out in our bank and ensuring that the necessary controls are determined in proportion to the approved risk appetite and the type and size of risks.
7. Monitor the risks that our bank may be exposed to on an ongoing basis, and prepare the risk structure according to the type of risk and the degree of its materiality.
8. Supervising Enterprise Risk Management Solutions (ERM).

Acceptable risk limits:

- Our bank determines the acceptable level of risk and is approved by the Board of Directors, and the actual level is monitored and compared with the acceptable level of risk periodically, and it is considered one of the most important elements of governance in the risk management process, in line with the business model adopted by our bank.

1. Credit Risk:

- **Managing credit risk system:**

The main activity of our bank is the granting of funds and providing banking services to various customers. As a result, our bank is exposed to credit risk, which is defined as the inability or willingness of the customer to fulfill his contractual obligations to the bank. Credit risks are the main risks to which our bank is exposed to, which requires the availability of resources to manage these risks effectively.

Credit risk management based on several principles, most notably:

1. The segregation of duties between business, credit, and entities granting facilities in the core banking system.
2. Clearly define the criteria for granting credit to all customers in the credit policy, according to the nature of the customer.
3. Preparing the due diligence study for all credit applications, regardless of the nature of the customer, the amount of financing, the size and type of credit risk mitigations.
4. Determine the profit rate on facilities based on the degree of risk to which our bank is exposed to.
5. Determine the matrix of authorities granted to all related parties to the credit approval process according to the nature of the customer.
6. Determine the role of all entities related to the credit approval process according to the nature of the customer, in a manner that enhances corporate governance for managing credit risk.
7. Implement the requirements of the Basel Committee on Banking Supervision Standards and Best Professional Practices in Credit Risk Management in line with the instructions of the Central Bank of Jordan in particular.

- **Credit study, Control and Follow-up:**

- The credit application is prepared by the business departments, and the credit department makes due diligence in studying credit applications, and then the credit application is presented to the credit authority body, in order to achieve the principle of segregation of duties.
- The evaluation of customers of large, small and medium entities and high net worth individuals

through the internal credit rating system (Moody's), at the level of the Obligor Risk Rating (ORR), and at the level of Facility Risk Rating (FRR).

- The customer level credit rating (ORR) represents the creditworthiness of the customer and reflects the probability of default (PD).
- The credit rating at the level of Facility Risk Rating (FRR) represents the quality of the credit risk mitigations provided by the customer, which reflects the loss given default ratio (LGD).
- Financing applications for retail customers who are granted consumer financings are evaluated according to the Retail Credit Scoring system.
- Granting of funds (automated system, branch committee, management committees) is determined according to the authorization matrix approved by the Board of Directors and senior management on the basis of the amount, completion of grant conditions, and the degree of risk of the funding request.

Methodology of applying the Islamic Accounting Standard (30) - impairment and credit losses and onerous commitments (FAS 30)

1. Internal credit rating system:

The Bank has an internal rating system to improve the quality of the credit process, as the classification process relies on "operational" qualitative and "financial" quantitative criteria to assess the creditworthiness of customers.

The credit rating system aims to:

- Improving the quality of the credit decision by relying on the internal credit rating.
- Calculate the customer probability of default.
- Pricing credit facilities in a manner consistent with the size of the risks to which our bank is exposed.
- Measuring the credit risks to which our bank exposed to in a standard way at the customer level and at the level of the credit portfolio.
- Improving the quality of the credit portfolio by setting the limits on the credit portfolio according to the internal credit classification.
- Monitor the credit portfolio through the internal credit rating.

Internal credit rating system mechanism:

- The classification process is carried out by analyzing basic inputs such as financial statements and customers' descriptive data according to an approved classification and evaluation methodology to determine the creditworthiness of the customer.
- The credit department confirms the customer's credit rating with the customer's current circumstances and approves the credit rating.
- A second review of the compatibility of the credit rating with the credit risk of the customer is carried out by the risk management department for applications of high credit risk.
- Ensure that customers' information are updated when a new credit request is received, or at least annually.

2. Scope of application / expected credit loss:

The expected credit loss measurement model was applied to the Bank according to the requirements of the standard as follows:

1. Direct and indirect credit facilities.
2. Sukuk recorded at amortized cost.
3. Islamic finance products that bear the characteristics of debt (principal and return).
4. Credit exposures to banks and financial institutions.
5. Ijara receivables.

3. Governance of Application of Islamic Accounting Standard (30):

A. Board of Directors

The Bank's board of directors and committees roles represented in the following:

- Approve the methodology of applying the standard and related policies.
- Approve the business model through which the objectives and principles of acquisition and classification of financial instruments are determined.
- Ensuring the existence and implementation of effective control systems through which the roles of the related parties are defined.
- Ensure the availability of infrastructure to ensure the application of the standard that includes (human resources / internal credit rating systems / automated systems to calculate expected credit losses, etc.), so that it is able to reach the results that ensure adequate hedging against expected credit losses.

B. Executive Management

The role of the executive management is as follows:

- Preparing the methodology for applying the standard according to the requirements of the regulatory authorities.
- Preparing the business model in accordance with the bank's strategic plan.
- Ensure compliance with the approved methodology for applying the standard.
- Supervising the systems used to implement the standard.
- Calculating the necessary provisions to meet the expected credit losses according to the instructions of the Central Bank of Jordan.
- Monitor the size of the expected credit losses and ensure the adequacy of its provisions.
- Preparing the required reports for the relevant authorities.
- Communicate with the company providing the system with any updates that may occur to the calculation forms and tools or any other inquiries in particular.

4. Definition and mechanism for calculating and monitoring probability of default (PD), exposure at default (EAD), and loss given default (LGD):

A. Default Definition:

The concept of default has been defined for the purposes of applying the standard as follows:

1. The presence of past dues on the customer for a period of 90 days or more, or the presence of clear indicators of their near default or bankruptcy.
2. Delay in the payment of profits and / or principal of the sukuk by the issuer of the sukuk for a period of 90 days or more.
3. Default of the banks whom our bank maintains their balances.

B. The mechanism for calculating expected credit losses (ECL) on financial instruments:

The external classification of international rating agencies was adopted to calculate the probability of default for the financial instrument, and the loss on default was calculated based on the best professional practices in this field, so that the geographical distribution, the economic sector and the capital structure of the issuer of this instrument are taken.

C. Calculating Probability of Default:

Probability of default (PD): The percentage of the debtor's probability of default or delay in fulfilling the payment of installments or obligations on the specified dates within the next 12 months.

Individual basis:

1. Countries:

The probability of default for countries issued by the international rating company S&P has been approved according to the approved credit scores and to the exposure currency (local currency / foreign currency). The probability of default is updated annually, taking into account the existence of a minimum probability of default of 0.03% based on the guidelines of the Basel Committee on Banking Supervision.

2. Banks and financial institutions:

The probability of default for banks and financial institutions issued by the international rating company S&P has been approved according to the approved credit scores. The probability of default is updated annually, taking into account the existence of a minimum probability of default of 0.03% based on the guidelines of the Basel Committee on Banking Supervision.

3. Large, medium and small companies and high net worth individuals:

- The probability of default through the economic cycle (TTC PD) is extracted from the internal credit rating system.
- The probability of default through the economic cycle (TTC PD) is converted to probability of default to a specific point in time (PIT PD) through a statistical model known as the Vasicek Model, which takes into account the following:
 - Forecasts of macroeconomic indicators.
 - Current and historical macroeconomic indicators.
 - Credit assets correlation in each credit score (in accordance with the guidelines of the Basel Committee on Banking Supervision in particular).

Collective Basis:

Collective basis portfolio:

For the purposes of calculating the credit loss for customers in the collective portfolio, the portfolio has been divided into four sub-portfolios according to their risk shared characteristics, as follows:

- The commercial portfolio of unrated customers.
- Real-Estate financing portfolio.
- Vehicles financing portfolio.
- Personal financing portfolio.

Calculating the probability of default (PIT PD) using the system by analyzing historical data.

D. Calculating Exposure at Default:

- Direct credit facilities

The credit exposure value has been calculated at default, equal to the balance of the credit facilities as at the date of the financial statements and in accordance with the contractual terms.

- Indirect Credit Facilities:

The credit exposure value was calculated at default, equal to the full indirect credit facilities without applying any credit conversion factor (CCF).

E. Calculating Loss Given Default:

Loss given default represents a part of the exposure that our Bank may lose when a customer defaults, after collecting recoveries when the customer defaults.

The Bank's customers are divided according to the segments as follows:

1. Individual basis:

1.1. The Jordanian government: using a percentage of loss given default of (0%) for the issued sukuk and the finances granted to the Jordanian government or guaranteed by it.

1.2. Countries: The percentage of loss given default was used based on the geographical area of the countries.

1.3. Banks and financial institutions:

- Using loss given defaults in accordance with the decisions of Basel and the policy adopted by the Bank.
- If the exposure to banks and financial institutions is located in a geographical area, the percentage of loss, assuming default, is different, then the higher percentage is taken.

1.4. Companies: Using the loss-to-default ratio based on the division of the product type in the credit portfolio.

2. Collective basis

Using the rate of loss given default for dealers at the collective basis level based on the division of the credit portfolio.

- The adoption of hair cut ratios for credit risk mitigants at the individual basis and the collective base levels.

F. The main economic indicators that were used in calculating the expected credit loss (ECL):

Macroeconomic factors are included in the calculation of expected credit loss, as the Risk Management Department determines the weights of macroeconomic scenarios in line with changes in economic conditions in Jordan and adjusts them whenever the need arises, provided that they are presented to the Risk Management Committee emanating from the Board of Directors, and Board of Directors for approval. The bank assumed three scenarios for calculating the expected credit losses and the weights of the scenarios were changed in line with the economic situation as follows:

Scenario	Weighting scenario 2021	Weighting scenario 2020
High economic growth scenario	31%	20%
Basic scenario	38%	30%
Low economic growth scenario	31%	50%

1. Credit risk exposure (net of impairment provision and expected credit loss, deferred and suspended revenues, and before collaterals and other risk mitigation factors)

Description	Joint		Self-financed

Collaterals and other credit risk mitigation techniques against Credit Exposures:

The quantity and quality of the required collaterals depends on the credit risk assessment of the counterparty. It is also possible to adjust or reduce the risk exposure related to the debtor, concerned party or any other obligor using the credit risk mitigation techniques applicable in the Islamic banks. These include (asset mortgage, third party guarantee, earnest sales, good faith deposit, cash margins, and shares mortgage).

Credit risk mitigations against credit exposure in the aforementioned table were as follows:

- Cash margins
- Bank guarantees
- Real estate collaterals
- Vehicles and machinery mortgages
- Jordan Loan Guarantee Corporation

2. Credit exposures of deferred sales receivables and other receivables and financing are distributed according to the risk degree as illustrated in following table:

2. Liquidity Risks

Liquidity risk is defined as the Bank's inability to provide the required liquidity to cover its obligations at their respective due dates. Bank manage such risks throughout the following:

1. Analyze liquidity (maturity gaps).
2. Maintaining reasonable liquidity to cover outgoing cash flows.
3. Diversifying sources of financing.
4. Establishing the Assets and Liabilities committee .
5. Distribution of financing among various sectors and geographical areas to mitigate concentration risk.
6. Liquidity management is based on natural and emergency circumstances including using and analyzing assets and various financial ratios maturities.
7. Monitoring liquidity by periodically following up on the indicators of the emergency financing plan.
8. Preparing scenarios for internal stress-testing situations related to liquidity risks.

Our bank is obligated to measure liquidity risks in accordance with the instructions of Islamic Bank of Jordan and as follows:

Liquidity Coverage Ratio (LCR)

The monthly average of the liquidity coverage ratio (LCR) according to the instructions of the Central Bank of Jordan from 1 January 2021 to 31 December 2021 (208.9%) (the minimum for this ratio according to the instructions of the Central Bank of Jordan is 100%).

Items for calculating the LCR as of 31 December 2021

Statement	Before adjustments and deductions	After adjustments and deductions
	JD	JD
Assets level one	874,559,002	874,559,002
Assets level two *	24,172,445	12,086,223
Total high quality liquid assets	898,731,447	886,645,225
Cash outflows	2,773,053,174	523,290,133
Cash inflows	252,371,578	116,074,183

* The maximum level for assets level two is JD 359,492,579 (40% of the total high-quality liquid assets).

Calculating the LCR as of 31 December 2021.

Statement	After Adjustments and deductoins
	JD
Total high quality liquid assets after adjustments	886,645,225
Net cash outflows	407,215,950
Liquidation coverage	217,7%

Legal Liquidity Ratio (LLR):

The daily average of the legal liquidity ratio (LLR) in total currencies and in the Jordanian dinar, from 1 December 2021 to 31 December 2021 (133% and 120%), respectively. (The minimum for this percentage according to the instructions of the Central Bank of Jordan is 100% and 70%, respectively).

3. Market Risks:

Market risk is the risk of loss resulting from fluctuations in the market price, which relates to equity instruments in the trading book, exchange rates, market rate of return, commodity and inventory prices, the Bank seeks to mitigate these risks throughout the following:

1. Diversifying and distributing investments among various sectors and geographical areas.
2. Analyzing rate of returns trends and expected exchange rates and investments.
3. Establishing limits to investments on the level of the country, currency, market, instrument and counter party.
4. Adapting the currency positions in accordance with Central Bank of Jordan regulations.
5. Studying and analyzing the risks related to new investments and clearing them through detailed reports before accepting them.
6. Complying with the policies, procedures and instructions of the relevant regulatory authorities.

7. Calculating value at risk (VaR) to measure the risks of changes in stock prices and foreign currencies.

A. Rate of return risks

Rate of return risk results from the decline in the rate of return on investments compared to the local market increase in the rate of return "interest" and the Bank's inability to increase the rate of return on granted facilities with fixed rate of return (Murabaha).

The Bank manages these risks through out the following:

1. Managing the rate of return gaps and cost of assets and liabilities according to various maturity dates.
2. Studying the investments return trends.

B. Foreign currency risks

Foreign currency risk is the risk arising from the change in the foreign currency prices that the Bank maintains. Foreign currencies are managed on the basis of spot trading and foreign currencies positions are monitored on a daily basis against the approved limit for each currency, since the Bank's policy in managing foreign currencies, is to clear customer's current positions and cover required positions according to customer's needs.

Bank's investment policy stipulate that the maximum limit of the foreign currencies positions shall not exceed 15% of the total owner's equity or 50% of the bank's total liabilities in foreign currencies, whichever is greater (at a maximum limit of 5% of the owner's equity for each currency except for US Dollars) in order to cover the customers' needs in terms of letters of credit, transfers and bills under collection and not for speculation or trading purposes.

C. Equity price risks

Equity price risks result from a change in the fair value of investments in equity. The Bank seeks to manage these risks through diversifying investments in various geographical areas and economic sectors.

Description	Change in index (5%)	Impact on losses and profits	Impact on owner's equity	Impact on investment account holders' equity
	JD	JD	JD	JD
2021				
Amman Stock Exchange Index	406,915	-	-	406,915
2020				
Amman Stock Exchange Index	241,467	-	-	241,467

D. Commodity risks

Commodity risks arise from the fluctuations in the value of marketable assets. These risks are related to the current and future fluctuations and market values of specific assets. The Bank is exposed to fluctuations of fully paid commodity prices after the commencement of Salam contracts and to the fluctuations in the remaining value of the leased assets at the end of the lease term.

4. Compliance risks

Compliance risks represents sanctions on matters related to legal or regulatory or financial losses or reputational risks which the Bank might face as a result of non compliance with laws, regulations, standards and proper financial practices. The primary non compliance risks are legal and regulatory sanctions risks, reputational risks, financial losses risks, financial crimes risks, anti-money laundry and fraud and corruption risks.

The Bank seeks to limit these risks through is Compliance Control Department that is concerned with reviewing the requirements of regulatory bodies and ensuring their application on the Bank's internal procedures and policies throughout setting the compliance strategy and guidelines and establishing the policies related to anti-money laundry and establishing policies and procedures related to laws, regulations, internal and external instructions and holding the necessary training courses.

5. Operational Risks

Operational risks are the risks of loss arising from inadequacy or failure in internal operations, personnel or systems, or from external events. This includes legal risk and Islamic Shari'a non-compliance risk and excludes strategic and reputational risks. The Bank seeks to limit these risks throughout the following:

Reviewing the bank's operations and preparing documented policies and procedures that all necessary controls are included to reduce the probability and/or the impact of operational events.

- Building a database of all errors, losses and operational events that occur with the Bank in order to evaluate and analyze them, identify weaknesses and work to raise the efficiency of the applied control procedures to reduce their recurrence in the future.
- Automatically applying the Risk and Control Self-Assessment (RCSA) methodology using the operational risk management system (GRC) with the aim of improving the control environment and assisting senior management and internal audit in identifying high-risk areas and weaknesses in internal control systems.
- Prepare and monitor the Key Risk Indicators (KRI's) automatically using the operational risk management system (GRC) for the Bank's main operations and develop corrective action plans in case they exceed the acceptable risk limits.
- Preparing, updating and examining a Business Continuity Plan (BCP) and a Disaster Recovery Plan (IT DR) to reduce the exposures and interruptions faced by the bank, and a recovery plan to reduce the effects and losses resulting from crises and/or disasters - God forbid.
- Legal department reviews all contracts and related documents used by the Bank.
- The Shariah Supervisory Board of our Bank reviews and approves the contracts, agreements and operations forms related to all of our Bank's transactions, with the aim of ensuring that the mentioned contracts, agreements and operations are free of legal prohibitions.
- The Information Technology department, in coordination and cooperation with the Information Cyber Security department, set the necessary policies and procedures to maintain the security and confidentiality of information in the Bank, and the authority to access programs and systems in the Bank.

6. Reputational Risks

Reputational risks is being viewed by the Bank as negative impression on the Bank's reputation which might lead to potential losses in the sources of funding and loss of customers to competitive banks.

The Bank seeks to limits these risks throughout a set of policies and procedures to enhance the customers' confidence and providing a good banking services and maintaining banking confidentiality and avoid undertaking illegal acts or financing unfavorable sectors and provides suitable information security controls.

7. Strategic risks

It is the risk arising from the current and future impact on income or capital resulting from negative business decisions, improper implementation of decisions, or failure to respond to economic changes.

8. Information Technology risk:

The increased use of information technology has led to improvement in the effectiveness and efficiency of the operations and services provided by our bank, but it has also brought with it new risks related to information technology.

Under the supervision of the Information Technology Governance Committee and the Board Risk Committee, our bank manages these risks to avoid exposure to them or mitigate their impact, through continuous monitoring and evaluation of the risks associated with information technology and its impact on banking operations and services in terms of the added value of technical solutions compared to their cost, In terms of quality and quality of projects with a technical basis and evaluation of their results on the bank's business and improving the level of performance compared to security and technical events that may result from its operation.

There are a number of outputs for the information technology risk management process according to the instructions for governing information and accompanying technology issued by the Central Bank of Jordan and according to the instructions of COBIT 2019, the most important of which is the detailed risk register for each technical process or banking service, risk scenarios, risk indicators and risk assessment of outsourcing parties.

9. Stress testing:

Application methodology:

Our bank stress testing methodology includes identifying all types of risks our bank may face under stressful conditions, and assessing the Bank's ability to withstand these risks according to stress scenarios.

Role and Integrity of stress tests with risk management governance, risk culture and capital planning:

The role of the Board of Directors and senior management is to establish test objectives, identify the scenarios required for each type of risk, and assess the results and needed actions based on the results, especially the ones which have an integral role in the decision-making (capital planning).

Scenario selection mechanism, including key assumptions related to macroeconomic variables:

The Bank carries out sensitivity scenarios analysis determined based on the Central Bank of Jordan instructions in addition to other scenarios based on the assumption and proposal of the Bank to measure the degree of tolerance.

The mechanism of using the tests results in decision making at the appropriate administrative level, including the strategic decisions of the Board of Directors and the senior executive management:

The Risk Management Department prepares a summary of the results of the stress tests and raises them to the concerned parties, indicating the final impact of the tests within specific grades (low / medium / high) and whom is authorized party to make related decisions.

Governance application of stress tests:

The Bank identifies parties related to stress testing (Board of Directors / Risk Management Committee, Assets and Liabilities Committee, Risk Management Department, Business and other supervisory departments) and their respective responsibility for achieving complementarity and judgment in carrying out the required tests.

Capital expenditures	5,062,744	8,796,547	-	-	5,062,744	8,796,547

64. Capital management

The Bank's capital consists of the paid-in capital, statutory reserve, voluntary reserve, other reserve, and retained earnings.

The Bank achieves its capital objectives throughout the following:

- Achieving a satisfactory return on capital without affecting the financial stability of the Bank and achieving acceptable return on owner's equity.
- Achieving the required level of capital according to Basel Committee requirements and the supervisory bodies instructions.
- Providing an adequate capital to expand the granting of financing and large investments in consistency with the Central Bank of Jordan regulations as well as facing any future risks.

Capital adequacy ratio was calculated as at 31 December 2021 in accordance with Central Bank of Jordan instruction number (72/ 2018) dated 4 February 2018 and in accordance with standard number (15) issued by Islamic Financial Services Board:

Description	31 December 2021	31 December 2020
	Thousands JD	Thousands JD
Common Equity Tier I	451,705	443,333
Paid-in capital	200,000	200,000
Statutory reserve	110,912	101,261
Voluntary reserve	55,082	45,473
Retained earnings	90,545	100,732
Accumulated change in full fair value	2,184	1,698
Intangible assets	(4,299)	(3,154)
10% of less of investments in Banks, financial institutions and Takaful companies capital,	(494)	(494)
10% or more of investments in Banks, financial institutions and Takaful companies capital, beyond unified regulatory scope	(2,225)	(2,183)
Additional Tier I	-	-
Additional Tier II	10,947	7,799
Expected credit loss stage 1 (self) and the bank share from expected credit loss stage 1 (mixed) (not to exceed 1.25% of risky assets)	10,947	7,799
Total regulatory capital	462,652	451,132
Risk Weighted Assets (RWA)	2,101,329	1,900,264
Common Equity Tier I Ratio	22.47%	23.33%
Additional Tier I Ratio	-	-
Tier I Ratio	22.47%	23.33%
Tier II Ratio	0.54%	0.41%
Capital Adequacy Ratio	23.01%	23.74%

- Financial leverage percentage has reached 17.78% as of 31 December 2021 (2020: 18.98%).

65. Accounts managed for customers

Accounts managed for customers amounted to JD 649,968,027 as at 31 December 2021 compared to JD 582,034,586 as at 31 December 2020. These accounts are not presented within the Bank's assets and liabilities in the consolidated financial statements.

66. Maturity analysis of assets and liabilities

The table below summarizes the expected maturity of the Bank's assets and liabilities. The maturities of assets and liabilities have been determined according to when they are expected to be recovered or settled.

68. Lawsuits filed against the Bank

The lawsuits filed against the Bank (self) amounted to JD 48,950 as of 31 December 2021 with a required provision of JD 11,459 (provision booked amounted to JD 75,000 instead of JD 11,459) compared to JD 10,296,910 as of 31 December 2020 with a provision of JD 31,489. The lawsuits filed against the Bank (joint) as of 31 December 2021 amounted to JD 288,952 with a provision of JD 45,767. The Bank's management and its legal advisor believe that any obligations that may arise from the lawsuits against joint investments will be recognized within the investment risk fund, while the lawsuits against the Bank (self) will be covered by the established provision.

69. New accounting standards issued but not yet effective

The standards and interpretations that are issued but not yet effective, up to the date of issuance of the consolidated financial statements are disclosed below. The Group intends to adopt these standards, if applicable, when they become effective.

FAS 1 (Revised 2021) General Presentation and Disclosures in the Financial Statements

The revised FAS 1 "General Presentation and Disclosures in the Financial Statements" describes and improves the overall presentation and disclosure requirements prescribed in line with the global best practices and supersedes the earlier FAS 1. It is applicable to all Islamic financial institutions and other institutions following AAOIFI FASs. The revision of FAS 1 is in line with the modifications made to the "AAOIFI Conceptual Framework for Financial Reporting" (revised 2020) (the conceptual framework). The revised FAS 1 will assist preparers to produce financial statements that are clear, transparent and understandable, and in turn will aid the users to take better economic decisions.

This standard shall be effective beginning on or after 1 January 2023 with early adoption permitted.

FAS 37 Financial Reporting by Waqf Institutions

This standard provides comprehensive accounting and financial reporting requirements for Waqf and similar institutions including general presentation and disclosures, specific presentation requirements (e.g. in case of Ghallah) and the key accounting treatments in respect of certain aspects specific to Waqf institutions. The principles set forth in this standard are consistent with Shari'ah principles and rules. This enables better comprehension of information included in the general-purpose financial statements and enhances the confidence of the stakeholders of the Waqf institutions.

This standard shall be effective beginning on or after 1 January 2022 with early adoption permitted.

FAS 38 "Wa'ad, Khiyar and Tahawwut"

This standard prescribes the accounting and reporting principles and requirements for Wa'ad (promise), Khiyar (option), and Tahawwut (hedging) arrangements for Islamic financial institutions. Many products e.g. Murabaha and Ijarah offered by institutions combine the application of Wa'ad or Khiyar in one form or another. Ancillary Wa'ad or Khiyar, in line with this standard, is such Wa'ad or Khiyar associated with a Shari'ah compliant arrangement by relation to its structure which does not give rise to any asset or liability unless it has turned into an onerous contract or commitment. Product Wa'ad or Khiyar, on the

other hand, is a stand-alone Shari'ah compliant arrangement which is used either as a normal product or, at times, for the purpose of Tahawwut. It may take the form of a single transaction or a series or combination thereof and may convert into a future transaction or series of transactions, in line with Shari'ah principles and rules. Such transactions give rise to an asset or a liability for the parties, subject to the conditions specified in this standard.

This standard shall be effective beginning on or after 1 January 2022 with early adoption permitted.

FAS 39 Financial Reporting For Zakah

This standard improves upon and supersedes FAS 9 "Zakah" issued previously. This standard aims at setting out the accounting treatment of Zakah in the books of Islamic financial institutions, including the presentation and disclosure in its financial statements.

The standard describes the financial reporting principles applicable, depending upon Islamic financial institutions' obligation to pay Zakah. In addition, where an Islamic financial institution is not required by law or by its constitution documents to pay Zakah, it is still required to identify and disclose the amount of Zakah due in respect of the various stakeholders.

This standard shall be effective beginning on or after 1 January 2023 with early adoption permitted.

FAS 40 Financial Reporting for Islamic Finance Windows

This standard improves upon and supersedes FAS 18 "Islamic Financial Services Offered by Conventional Financial Institutions" and defines the financial reporting requirements applicable to conventional financial institutions offering Islamic financial services.

This standard requires conventional financial institutions offering Islamic financial services through an Islamic finance window to prepare and present the financial statements of the Islamic finance window in line with the requirements of this standard, read with other AAOIFI FASs. This standard provides principles of financial reporting including the presentation and disclosure requirements applicable on Islamic finance windows.

This standard shall be effective on the financial statements of the Islamic finance window of conventional financial institutions for the periods beginning on or after 1 January 2024 with early adoption permitted, subject to simultaneous adoption of FAS 1 "General Presentation and Disclosures in the Financial Statements."

70. Comparative figures

Some of the 2020 figures were reclassified to correspond with period ended 31 December 2021 presentation with no effect on equity or income for the year 2020.
