### Chairman's Message

*Assalmu Alikum Wa Rahmtu Allah Wa Baraktu,*

All Praise be to Allah, Lord of the Worlds,  
And Prayers and Peace be upon Mohammed  
his Servant and Messenger.

**Dear Shareholders,**

The year 2010 witnessed changing the Logo of the Jordan Islamic Bank and launching its new institutional identity during a press conference held on 30/06/2010. Indeed, this change complements the current changes taking place at AlBaraka Banking Group and all its subsidiary banks represented by unifying their institutional identity. Those changes reflect the features of the new era of the group progress characterized by development and the high capacity to cope with the new developments and meet the ever-increasing requirements pursuant to the provisions and principles of Islamic Sharia. The new unified identity exemplifies the concept of "partnership", that is our success and our clients' success that are inseparable exactly as the overlap of our joint beliefs which we both have faith in.

In 2010, the Bank started applying the new banking system (ICBS) at the main branch along with other two branches parallel to the current banking system in service. Also, it developed the banking services offered via internet (I-Banking) and augmented the use of (SMS).

Throughout 2010, Jordan Islamic Bank continued its progress overcoming the global financial crises and its negative consequences on the national and regional economies. The Bank's total assets amounted to nearly JD (2.6) billion at a growth of about (19.3%) for the previous year. Also, the total balances of saving schemes were about JD (2.3) billion at a growth of approximately (21.6%) for the previous year. The total assets of financial investments amounted to about JD (1.5) billion for the previous year at a growth of nearly (11.8%), and the profits of joint investment prior distribution were around JD (101) million. The Bank's profits before tax amounted to about JD (40.7) million, with a return on equity of approximately (22%) while profits after tax amounted to about JD (29.1) million, with a return on equity of approximately (15.7%). The Board of Directors recommended the General Assembly to distribute dividends to shareholders at (15%) of the Bank's paid-up capital.

This accomplishment is a success and grace from Allah glorified and exalted, and is the fruit of the continuous support from those believing in the perspective and approach of this institution. It is also attributed to the distinguished persistent efforts exerted by the Bank's Executive Management and employees, May Allah reward you all on our behalf the best reward.

The Bank will pursue its straightforward path, In Sha' Allah, serving its mission, responding to the needs of the national economy and local community and taking part in every good work, whenever possible.

## The Board of Directors Report for 2010

Assalmu Alikum Wa Rahmtu Allah Wa Baraktu,

All Praise be to Allah, Lord of the Worlds,  
And Prayers and Peace be upon Mohammed  
his Servant and Messenger.

**Dear Shareholders,**

In mid-2010, the Bank announced the change of its logo and the launch of its new institutional identity in the framework of materlization of AlBaraka Banking Group organizational philosophy and its strategic plans to work in all the Group banks as one Banking unit through a unified vision and a unified framework of the general attitudes. Our bank's stand is getting improved year after year through its role in enhancing the values of the Islamic approach in dealings and keeping pace with the state-of-the-art banking technologies and the clients' ever increasing trust in its services.

After two years of the global finical crisis, the global economy is still struggling to overcome the worst wave of recession ever faced since World War II. In addition, the President of the World Bank expected the slow of the global economy growth during the upcoming year as a result of the high downturn of growth rates in developing countries.

The signs of this crisis started to appear in March 2007 in the United States of America. Many attribute known by then as mortgage crisis, before turning into a major global economic crisis in the beginning of September 2008 ravaging the economies of both developed and developing countries, leading to the collapse of a group of banks and financial institutions and causing chaos in the financial markets.

This crisis was accompanied by decline in the oil prices in the beginning of 2009 which reached about (30) U.S. dollar prior witnessing improvements in its prices. The oil prices fluctuated during the past year between (70-117) U.S. dollar while it reached previously around (147) U.S. dollar during July 2008. In addition, this crisis was accompanied by large fluctuations in the prices of major currencies against each other known as Currency War and rise of gold price per ounce to high records.

At the regional level, the hotbeds of tension in our region remained blazing. Occupation is still dominating Palestine and Iraq with all the bloodshed accompanying it besides anxiety, fear and concern of what new painful surprises that the coming days will bring.

Despite the implications of these events surrounding Jordan, the initial estimates indicate growth in the real Gross Domestic Product. During the first three quarters of 2010, the growth rate was about (2.8%) against (2.4%) during the same period of the previous year. Estimates indicate that this growth will reach nearly (3.4%) during the year of 2010 compared to (2.3%) of growth during 2009. The inflation rate during 2010 has reached (5%) compared to the decline of (0.67%) during the previous year.

## The Thirty Second Annual Report

The net public debt has risen by the end of November 2010 compared with its level at the end of 2009 by JD (1.5) billion, or at (15.2%), to reach about JD (11.1) billion or at (57.7%) of the estimated GDP of the year 2010.

During 2010, the trading volume of Amman Stock Exchange recorded JD (6.7) billion, with a decrease of around JD (3) billion or at (31%) compared to the recorded volume in 2009. The market-value weighted index of free shares has decreased by (160) points or at (6.3%) compared to the level recorded by the end of the previous year to reach (2,374) points by the end of the current year.

With regard to the monetary policy, the Central Bank of Jordan (CBJ) continues its policy that aims at consolidating monetary stability and maintaining an appropriate level of foreign currency reserve to strengthen confidence in the Jordanian Dinar as well as a relative stability in prices level. As a result, the reserves reached around USD (12.2) billion by the end of November 2010, with an increase of around USD (1.4) billion beyond its level at the end of 2009. The policy of dinar-dollar peg which began in 1996 was maintained at JD (0.708) for buying and JD (0.710) for selling per one USD, allowing the JD to fluctuate against other foreign currencies according to the exchange rate developments of these currencies in the international markets.

During 2010, the CBJ reduced (50) base points on the monetary policy tools effective since 21/02/2010. Thus, the rediscount rate has become (4.25%). As for the interest rate in the Jordanian Banking Market, the weighted average of interest rates on loans and advances decreased by the end of November 2010 by (6) base points compared to its level recorded by the end of 2009 to reach (9.01%). In the meantime, the weighted average of interest rates on term deposits decreased by the amount of (83) base points for the same period to reach (3.40%).

Despite the current obstacles, the Bank managed by the success granted by Allah to achieve new growth in its various activities. The Board of Directors is pleased to introduce you to the most important achievements in 2010 as well as the future ambitions.

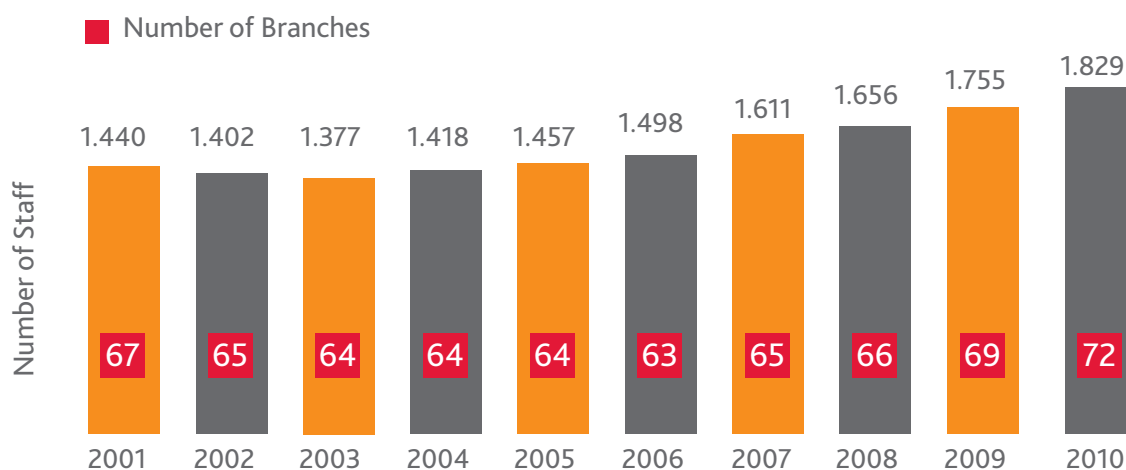

### First: Branching

- During 2010, a new branch (Al-Shunah Al-Shamaliyah Branch/ Irbid) was opened along with two new offices which are: the office of "Sama Al Rosan/ Irbid" and the office of "Al Marj/ Kerak", and to turn the two offices: "Al Qaser/ Kerak" and "Jabal Amman/Amman" into branches. Thus, the Bank branches network comprises (60) branches and (12) banking offices.
- It is expected during the upcoming year, with Allah willing, to complete the execution of 2009 branching plan by turning "Dlail/Zarqa" office into a branch and to complete 2010 branching plan by opening a new branch in "Wadi Al Hajar/Zarqa" along with two new offices which are: Al Taybeh District/ Irbid" and "Bsiara District/ Al Tafilah".
- On the other hand, Al Mafraq Branch has been moved to its new location at King Feisal I St. and Irbid Branch/ Palestine St. has been moved to its new location at the same street. The two new locations offer the clients better services.

### Second: Staff

- At the end of 2010, the number of the Bank's staff reached (1,829), with an increase of (74) employees compared with 2009. Below is a figure showing the increase of the employees' number over the past ten years:

## Jordan Islamic Bank

- Out of its interest to improve the employees' performance, the Bank delegates some of its employees for academic qualification in majors related to Islamic banking industry. During 2010, the bank sent two of its staff on a scholarship in pursuance of bachelor degree. The Bank nominated (2,190) employees to attend courses and seminars organized by the Bank Training Institute as well as specialized centers and organizations inside and outside Jordan, compared to nominating (2,803) employees in 2009. Below is a description of this training:

Description	2010		2009	
	Number of courses/ seminars	Number of participants	Number of courses/ seminars	Number of participants
The Bank's Training Institute	141	1,737	166	2,313
Centers in Jordan	155	433	180	468
Centers Abroad	10	20	16	22
Total	306	2,190	362	2,803

- These courses and seminars covered various banking, financial and administrative activities and businesses, including deposits, credits, bills of exchange, guarantees, investment, financial analysis, job behavior and English language. There are also courses focusing on Sharia affairs, accounting standards of Islamic financial institutions, banking risk analysis, total quality and money laundering. Moreover, newly appointed employees receive practical training in branches.
- The Bank also continued to provide training opportunities and introduce its business to new groups of educational institutions students. The number of those students reached (730) throughout 2010, compared to (705) students in 2009.

### Third: Banking Techniques:

During 2010, the Bank accomplished further development and updating in the field of banking techniques, most notably:

- Implementation of the new banking system "ICBS" at the main branch and other two branches in parallel with the banking system being used by the Bank.
- Installation and operating eight new Automated Teller Machines (ATM) during 2010. Thus, the Bank's network of ATMs consists of (84) machines, all connected to client accounts and the Jordanian Automated Teller Machines Network (JONET) in the Kingdom, which comprises nearly (1090) ATMs. In addition, the Bank's network of ATMs is linked through JONET to the International Visa Network outside Jordan.
- Expansion in providing Short Messages Services (SMS) and the banking services provided via internet (I-Banking).

## The Thirty Second Annual Report

- Developing and upgrading the systems, networks and devices of different banking techniques.

### Fourth: Incentive Awards

- Since 1997, the Bank has continued to distribute awards to holders of Savings Accounts with a total value of around JD (150) thousand to cover the costs of Haj and Umra as well as other awards.
- At the beginning of 2008, the Bank introduced awards to be distributed to users of ATM cards. The awards of the year 2010 were that the client can get back all or part of his/her purchases with a total value of JD (100) thousand.
- It is known that the Bank incurs the value of all these awards from the funds of shareholders in accordance with the Fatwa issued in this regard.

### Fifth: Social Role of the Bank

- The Bank has continued to assume its social and cultural responsibilities, consolidate the Islamic values in the normal banking transactions and positively interact with the activities of social nature. Below are some examples of the Bank's activities in this field during 2010:

#### A- Conferences and Seminars

- Throughout 2010, The Bank continued to participate in conferences and seminars organized by the Islamic Development Bank, Al Baraka Banking Group, the General Council for Islamic Banks and Financial Institutions (CIBAFI), the Islamic Financial Services Board (IFSB), Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI), and AlBaraka Annual Fiqh Seminar. In addition, the Bank has been keen to participate in conferences and seminars that aim at disseminating and developing the business of Islamic banks.

## Annex 3

### "The Entire Text of the Corporate Governance Guide for Banks"

#### Introduction

The importance of Corporate Governance in the Bank stems from the fact that it provides a basis to consolidate the trust in the Bank and its different activities and enable the contribution in developing the Jordanian Banking Service and the National Development.

The Bank seeks to provide distinctive and matchless banking products and services, to undertake to develop and improve them, in addition to devising new services that are in tune with the principles of the Noble Islamic Sharia and fulfill the interests of the stakeholders. As a result, the Bank decided to adopt this CGG in a way that complies with the guidelines of the controls of establishments management which is restricted to the provision of Islamic financial services (except Islamic Insurance Companies and Islamic Investment Funds) issued by the Islamic Financial Services Board "IFSB" and the instructions of the CBJ in addition to the best international practices.

#### 1- Guidelines

- 1- Ensuring justice and fairness in the dealings with all relevant authorities, such as (shareholders, depositors, Bank staff and controlling authorities.)
- 2- Transparency and disclosure in a way that enables the relevant authorities to evaluate the bank's position and its financial performance.
- 3- Accountability for relationships between the Executive Management of the bank, the BOD and shareholders from one part and the other relevant authorities.
- 4- Accountability in terms of clear determination of responsibilities and delegation of authorities.

#### 2- Compliance with Corporate Governance

- 1- Forming a committee emerging from the BOD called "Corporate Governance Committee", comprised of the chairman and two non-executive members to direct the process of preparing, updating and applying the Guide.
- 2- Integrating the annual report in a report for the public stating the extent of the bank's management compliance with the clauses of the Guide and the application of each clause in addition to stating the reasons of non-compliance with any clause.

#### 3- Board of Directors (BOD)

##### 1- General Principles

- a- The BOD shall bear all responsibilities relevant to the bank's operations and financial safety, in addition to meeting the requirements of the CBJ and the interests of shareholders, depositors, staff and other relevant parties, in addition to verifying that the management of the Bank is carried out effectively and under the applicable laws, directions and the internal policies of the bank.
- b- The BOD shall outline the strategic goals of the Bank in addition to controlling its executive management which is responsible for carrying out daily operations. The BOD shall also approve the controls and internal monitoring and verify the extent of their efficacy and how the Bank complies with the strategic plan and approved policies and procedures or required under the laws and instructions issued for this concern as well as verifying that all risks of the Bank were managed properly and effectively.

##### 2- Chairman and General Manager

- a- The position of Chairman of the Board is separated from that of General Manager. In addition, there is no family relationship up to the third degree between the Chairman and the General Manager. The division of responsibilities between the Chairman and the General Manager has been put down in writing, is subject to review and revision from time to time as necessary, and is approved by the Board.
- b- Its prefer that the chairman shall not be executive. If he/she is executive, the Bank shall employ an independent member as vice chairman with a view to guaranteeing the provision of an independent source as a mouthpiece of shareholders. In all events, the status of the chairman shall be declared, executive or non-executive.

## Jordan Islamic Bank

### 3- Chairman's Role

- a- Developing constructive relationships between the BOD and the executive management of the Bank and between the executive and non-executive members.
- b- Creating a culture atmosphere the board meetings that shall encourage constructive criticism on the issues of different point of views among members. Such culture shall encourage discussion and vote over such cases.
- c- Verifying that all board members and shareholders get adequate information at the proper time.
- d- Verifying the availability of higher standards of CGG at the bank.

### 4- Composition of the Board

- 1- The board shall include practical and vocational experience and professional skills. The board shall also include executive members (employees at the bank), and non-executive members (not employees at the bank).
- 2- Among the non-executive members, there must be at least three independent members who have no relationship with the Bank but being board members.
- 3- Independent member is defined as the member, whether person or a natural legal person, who has no relationship with the Bank but being a member at the board of directors, which makes his view fair without being affected by other considerations or external affairs. The minimum limit of requirements of the independent member is as follows:
  - a- The independent member should not have worked at the Bank during the three years prior to nomination to the membership.
  - b- The independent member shouldn't have an employee who is a first or second degree relative at the bank.
  - c- The independent member should not receive a salary or any other amounts from the bank except his remuneration as a member.
  - d- The independent member shall not be a board member or an owner of a company dealing with the Bank except transactions that arise due to services and/or regular work provided by the Bank to its clients provided that such transactions shall subject to the same terms and conditions of similar transactions with any other party and without privileged conditions.
  - e- The independent member shall not be a partner or an employee of the external auditor during the three years prior to his/her nomination for the board membership.
  - f- The independent member's contribution shall not constitute an effective interest in the bank's capital (controlling not less than 10%) or to be an ally of another shareholder.

### 5- Organization of the Board's works:

- a- The Bank's Board meetings take place at least six times a year. In order to ensure that a full range of topics is considered, it is the practice of the Bank's executive management to schedule a specific topic to be highlighted at each meeting
- b- Board members shall be provided with adequate information sufficiently in advance of the board meetings to enable them to take the right decisions.
- c- The responsibilities of the BOD members are determined and clear in line with the relevant legislations. When elected, all BOD members shall be given a booklet indicating his/her rights, responsibilities and duties.
- d- All banking operations that require the BOD approval (for example, BOD's authority regarding granting funds over a certain amount) shall be explained in writing.
- e- The BOD members shall access constantly to the developments inside the Bank and local and international banking sectors. The Bank shall provide members with a proper summary of the business of the Bank at the time of appointment and during the membership period or upon request.
- f- The BOD members and its committees shall have a direct contact with the executive management.
- g- If necessary, the BOD member and committees may hire external sources to help them do the tasks assigned to them properly.
- h- The BOD secretary shall record the discussions, suggestions and voting of the BOD. He/she shall verify that all members follow the procedures determined by the BOD,

## The Thirty Second Annual Report

including transferring the information among BOD members, committees and the Executive Management in addition to determining the appointments of the BOD and filing meeting minutes. The BOD shall determine the job and tasks of the BOD secretary officially and in writing in accordance with the level of responsibilities provided hereinabove. It shall also pass any decision regarding the appointment or dismissal of the secretary by the BOD unanimously.

### 6- BOD Activities: (Appointment, Replacement, Self-Evaluation, Evaluation of the General Manager's performance and Planning)

- a- The BOD policy includes the appointment of a general manager who enjoys impartiality, honesty, technical qualification and banking experience.
- b- The BOD's approval shall be gained when some executive directors are employed such as the Chief Financial Officer (CFO) and the internal auditing officer and verifying that they do have the required experience.
- c- The BOD shall ratify and approve succession plans for the executive directors of the Bank so that they should include the required qualifications and requirements of person to hold such occupations.
- d- The overall performance of the BOD is evaluated at least once a year through the nomination and remunerations committee. The General Manager shall be evaluated annually by the BOD.
- e- The BOD determines the goals of the Bank and directs the executive management to outline a strategy to achieve these objectives. The Executive Management shall develop work plans that commensurate with those strategies through the planning process that includes the contribution of all Bank departments. The BOD approves the strategy and work plans and verifies that the Executive Management reviews the performance achievements according to work plans and takes the remedial procedures where necessary. The process of preparing the estimated budgets is a part of the short term planning process and performance measurement.
- f- The BOD shall verify that the Bank is performing its work with a high level of honesty and impartiality in doing its businesses. This can be done through the availability of policies and work ethics charter that includes the definition of conflict of interests and deals made by Bank staff for their own interest according to the internal information about the Bank gained/accessed as a result of the authorities provided for them. These policies and work ethics charter shall be generalized on all Bank staff and the BOD members and their approval shall be gained and published to the public. The above policies shall include the following:
  - 1- Rules and procedures that organize the operations with relevant parties whether between the Bank and its staff or the BOD members or their companies, or relevant parties, including the operations of financing and joint investment with the bank. Those rules shall include evidence that credit was given to the BOD members and their companies pursuant to the prevailing prices at the market, not on privileged conditions. The member shall not participate in any meeting where those issues are treated, contracted or voted. It shall also be disclosed in the bank's annual report. The Bank departments concerned with controls and internal control shall verify that the operations of relevant parties was made in line with this policy.

### Annex 4

#### The Guidelines of "Corporate Governance Guide" for Public Shareholding Companies Listed in Amman Stock Exchange

Our Bank has prepared the "Corporate Governance Guide" based on the CBJ instructions and in consistence with the "Guidelines of management controls for institutions offering Islamic financial services" issued by the Islamic Financial Services Board/Malaysia. According to this guide which has been approved by the Board of Directors, our Bank applies the rules stated in the "Corporate Governance Guide" that includes most of the Guidelines of the Corporate Governance Guide for Public Shareholding Companies listed in Amman Stock Exchange", and as stated in the Report's pages and annexes.

Based on that, our Bank implements all the guidelines rules stated in "The Guidelines of Corporate Governance Guide for Public Shareholding Companies Listed in Amman Stock Exchange" except the following items:

#### Part Two: the Board of Directors of Shareholding Company

- Item No. (1): The Board of Directors is elected as per the provisions of Companies Law.
- Item No. (3): A legal member of the Board of Directors represented in the Board (Global Investment House Co.) in 2010 was replaced during the Board term where the law approves such action.

#### Part Two: the Board of Directors of Shareholding Company

Chapter One: Board of Directors tasks and duties.

- Item No. (14): Receiving complaints and suggestions submitted by shareholders or others.
- Item No. (14): Adding an item in the agenda of the General Assembly under the title "Any other issues proposed by the General Assembly to be included in the agenda" as stipulated by the Companies Law. This item allows including the shareholders' proposals addressing certain subjects in the General Assembly agenda.

#### Part Two: the Board of Directors of Shareholding Company

Chapter Two: Committees formed by the Board of Directors

- Item No. (5): Both Audit Committee and Nomination and Ruminations Committee shall submit a report of their activities to the Board of Directors and not to the General Assembly. Any shareholder may inquire about the activities of those two committees during the General Assembly meeting.

### Chapter Three: The Company's General Assembly Meeting

- Item No. (3): provisions of the Bank's Articles of Association and the Companies Law related to inviting the shareholders to attend the General Assembly meeting via normal mail and no e-mails shall be applicable.
- Item No. (5): it never happened that the shareholder who wishes to nominate himself/herself to be a member of the Board of Directors to send his/her CV prior the end of the Company's fiscal year which comes before the year in which the General Assembly meeting is planned to be held for the purposes of electing the Board members. Thus, such a CV shall not be sent along with the invitation addressed to the shareholders to attend the General Assembly meeting, and the Companies Law shall be applicable herein.
- Item No. (6): It never happened that the date and location of the General Assembly meeting announced via the Company's website, as the Companies law does not stipulate that. Indeed, the date and location are announced as per the Bank's Articles of Association and the Companies Law.

### Part Four: Shareholders' Equity

#### Chapter One: General Rights

- Item No. (11): The Company shall be committed by the percentage stated in the Companies Law in relation with requesting an extraordinary General Assembly meeting to ask for the dismissal of the Board of Directors or any Board member; knowing that such a request never been made for the shareholders owning (%20) of the Company's stocks.
- Item No. (12): The company shall be committed by the percentage stated in the Company's Law in relation with requesting to audit all the Company's activities and books; knowing that such a request never been made for the shareholders owning (%10) of the Company's stocks.

### Part Five: Disclosure and Transparency

#### Chapter Four: External Auditor

- Item no. (2): The Company has external auditors, and one of them is responsible to audit all the Company's activities for more than four consecutive years (Messers Ibrahim Al Abbasi & Co), as this does not violate the terms of the Companies Law.

### **Annual Report of Sharia Supervisory Board for the Fiscal Year ended on 31 December 2010**

All Praise be to Allah, Lord of the Worlds,  
And Prayers and Peace be upon Mohammed  
And his kins and followers.

To Messrs/ Shareholders of the Jordan Islamic Bank,

Assalmu Alikum Wa Rahmtu Allah Wa Baraktu,

Pursuant to the Jordanian Banks Law No. 28 of the year 2000 and its provisions related to Islamic banks, and in accordance with the Bank's Articles of Association, the Board presents the following report:

The Sharia Supervisory Board monitored the principles used and the contracts related to the transactions and the applications launched by the Bank during the fiscal year ended on 31 December 2010. It also conducted the required monitoring to express an opinion on whether the Bank has complied with the Sharia rules and Fatwas, decisions, and the specific guidelines we issued, and to ensure the Bank's compliance with them.

The Bank's management holds the responsibility of implementing its transactions according to the rules of the Islamic Sharia, whereas our responsibility is limited to expressing an independent opinion based on our monitoring of the Bank's transactions and issuing a report to you.

Our monitoring comprised examining the documentation and the procedures followed by the Bank based on testing each type of transactions through the Internal and Sharia Audit Department.

We have planned and implemented our monitoring in order to obtain all the information and interpretations that we deemed necessary to provide us with sufficient evidences to give reasonable assurance that the Bank did not violate Sharia rules and principles.

#### **Our Opinion:**

- A: The contracts, operations and transactions concluded by the Bank during the year ended on 31 December 2010, which we reviewed, were conducted according to the Sharia rules and principles.
- B: The profits distribution and loss allocation to the investment accounts complies with the principle we adopted according to the Sharia rules and principles.
- C: All amounts devolved to the Bank from sources or by means that do not comply with the Sharia rules and principles were not incorporated in the Bank's revenues and are spent for charitable purposes.
- D: The responsibility of paying Zakat falls on the shareholders. The Bank's management is not authorized to pay Zakat directly, as there is no law to that effect, and the Bank's Articles of Association do not stipulate such an action nor do the decisions of the General Assembly or the shareholders' authorization. Therefore, the shareholder shall pay the Zakat of his shares when the Sharia conditions and controls of Zakat apply, while considering the following:

If the intention upon purchasing shares or subscribing for shares is trading, then he should pay the Zakat of the market value of shares and dividends.

If the intention upon purchasing shares or subscribing for shares is collecting profits and not trading, then he should pay the Zakat of the dividends in addition to the Zakat assets of his shares in the Bank through inspection and assessment.

Sharia Supervisory Board thanks the Bank's management and its employees for paying the required attention to follow the rules and principles of Islamic Sharia, its decent style of management and the Bank's distinguished results.

**The Consolidated Financial Statements**  
**For the Year Ended December 31, 2010**

### Independent Auditors Report to the Shareholders of

Jordan Islamic Bank  
Amman- The Hashemite Kingdom of Jordan

We have audited the accompanying consolidated financial statements of the Jordan Islamic Bank (Jordanian Public Shareholding Company), which consists of the consolidated statement of financial position as at 31 December 2010, the consolidated income statement, the consolidated statement of comprehensive income, the consolidated statement of the changes in equity, the consolidated statement of cash flows, the consolidated statement of the sources and uses of good loans fund for the year then ended and a summary of the most important accounting policies and other explanatory notes.

#### Responsibility of the Management for the Financial Statements:

The Board of Directors is responsible for the preparation and fair presentation of these financial statements in compliance with the rules and principles of the Islamic Sharia as determined by the Sharia Supervisory Board of the Bank and in accordance with the standards of the (AAOIFI). This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation and presentation of the financial statements that are free of material misstatements whether due to fraud or error, as well as selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

#### Auditors' Responsibility:

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Auditing Standards of the Islamic Financial Institutions, which require that we plan and perform the auditing procedures to obtain a reasonable assurance that the consolidated financial statements are free from any material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the Bank's internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate for the circumstances, but not for expressing an opinion on the effectiveness of the Bank's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by management, as well as assessing the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Our Opinion:

In our opinion, the consolidated financial statements mentioned above fairly show, in all material respects, the financial position of the Jordan Islamic Bank as of 31 December 2010, and its consolidated financial performance, consolidated cash flows and the consolidated statement of the sources and uses of good loans fund for the year then ended in accordance with the rules and principles of the Islamic Sharia as determined by the Sharia Supervisory Board, and in compliance with the Standards of the Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI).

## The Thirty Second Annual Report

### Report on the Legal Requirements:

The Bank keeps accounting records and entries duly organized, and the consolidated financial statements included in the Board's report comply therewith and we recommend approving the same.

- The Bank offers all banking, financial and investment services on an interest-free basis in compliance with the rules and principles of the Islamic Sharia through its Head Office and branches inside the Kingdom which are 60 branches and 12 banking offices as well as its subsidiaries. In all its transactions, the Bank is governed by the effective Banks Law.
- The stocks of the Jordan Islamic Bank are listed in Amman Stock Exchange in Amman-Jordan.
- The consolidated financial statements were approved by the Bank's Board of Directors in its session No. (1) held on February 7, 2011 and are subject to the approval of the General Assembly of Shareholders and the Central Bank of Jordan.
- To observe the Bank's obligations under its Articles of Association and Memorandum of Association to comply with the principles and rules of the Islamic Sharia and in observance of the provisions of the Banks Law; the Bank appoints, based on a decision by the General Assembly of Shareholders, Sharia Supervisory Board of no less than 3 members. The opinion of Sharia Supervisory Board is binding to the Bank, and it is responsible for monitoring the Bank's operations and activities in terms of their compliance with the Sharia principles and state Sharia opinion (Fatwa) on formats of the contracts essential for the operations and activities of the bank, in addition to issuing an annual report to the General Assembly of Shareholders thereon.

#### (2) Significant Accounting Policies:

##### Bases of Financial Statements Preparation:

- The consolidated financial statements of the Bank and its subsidiaries financed from the Bank's funds and the joint investment funds were prepared in accordance with the standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions, in accordance with the effective domestic laws and as per the instructions of the Central Bank of Jordan.
- The Bank applies the standards issued by the Accounting and Auditing Organization for Islamic financial Institutions.
- The consolidated financial statements were prepared according to the historical cost principle, other than financial assets available for sale, investments in real estate whose value is expected to increase and is carried at fair value on the date of financial statements.
- The Jordanian Dinar is the currency of presenting the consolidated financial statements and represents the main currency of the Bank.
- A distinction should be made between equity holders and joint investment accounts holders.
- The investment risks fund shall be used to compensate the decrease in finance and investment accounts financed by unrestricted investment accounts.
- The standards issued by the International Accounting Standards Board and the interpretations

## The Thirty Second Annual Report

issued by the International Financial Reporting Interpretations Committee, which is part of the International Accounting Standards Board, shall be applied in case no standards are issued by the Accounting and Auditing Organization for Islamic Financial Institutions and until Islamic standards are issued to supersede them.

- The unrestricted investment accounts refer to the joint investment accounts wherever mentioned herein.

### Changes in Accounting Policies:

- The accounting policies followed in the year correspond to the accounting policies followed in preparing the consolidated financial statements of the fiscal year ended on December 31, 2009 except that the Bank implemented effective since the beginning of January 2010 the Investment In Affiliates Standard issued by the Accounting and Auditing Organization for Islamic Financial Institutions that requires the identification of investments in affiliates in consolidated financial statements in the same manner of equity method. This implementation as of December 31, 2010 resulted in the reduction of investments in the affiliates and the fair value reserve.

### Bases of Financial Statements Consolidation:

- The consolidated financial statements include the financial statements of the Bank and its subsidiaries financed from the Bank's funds and the joint investment funds that are subject to the Bank's control. Control exists when the Bank is able to govern the financial and operating policies of subsidiaries in order to benefit from their activities. The transactions, balances, revenues and expenses described in Note (56) between the Bank and subsidiaries shall be eliminated.
- The financial statements of subsidiaries for the same fiscal year of the Bank shall be prepared using the same accounting policies applied in the Bank.
- The results of subsidiary operations shall be consolidated in the consolidated income statement as of the date of acquisition, which is the date the Bank's control over subsidiaries is actually transferred. The results of disposed of subsidiary operations shall be consolidated in the consolidated income statement until the date of disposal, which is the same date the Bank, loses control over subsidiaries.
- The minority equity is that portion not owned by the Bank or the unrestricted investment accounts and that shall be part of the equity in subsidiaries.
- In case of preparing separate financial statements for the Bank as an independent entity, the investments in subsidiaries shall be carried at cost.

### Segment Information:

- The business segment represents a group of assets and operations that all combine to provide products or services subject to risks and returns that are different from those related to other business segments.
- The geographic segment is associated with providing of products or services in a specific economical environment subject to risks and revenues different from those of segments operating in other economical environments.
- Bases of Distributing Joint Investment Profits between Equity Holders and Unrestricted Investment Accounts Holders:

## Jordan Islamic Bank

- 10% shall be allocated to the Investment Risks Fund pursuant to Article (55) of the Jordanian Banks Law.
- The Bank's share as speculator was deducted this year at 45% for Jordanian Dinar and (2009:%30) for foreign currencies of total investment profits.
- The remaining balance is distributed between the unrestricted investment accounts and the Bank's invested funds, each according to the percentage of its contribution. The Bank donated the amount of JD 238,566 from its share in investment to the benefit of the unrestricted investment dinar accounts, taking into consideration that the priority of employing investments belongs to the holders of unrestricted investment accounts.
- The joint investment accounts shall share the results of investment profits and shall be distributed to depositors, each according to his contribution and as per the terms of the account signed between the Bank and the depositor.

### The joint investment accounts shall share profits on the following bases:

- 50% of the annual rate of saving accounts balance.
- 70% of the annual rate of notice accounts balance.
- 90% of the lowest balance of time deposit accounts.
- The Bank shall bear all administrative expenses of which the unrestricted investment accounts shall not bear whatsoever.
- The unrestricted investment accounts shall not share in any other revenues (banking operations revenues, revenues resulting from investment of current accounts, call accounts and the Bank's own funds)
- The investment portfolios and the restricted investment accounts shall be managed in accordance with Mudaraba contract.
- 20% of the total profits of Muqarada bonds was deducted in recognition of the Bank's share as a speculator
- 25% of the profits of the restricted investment accounts in Jordanian dinar and 40% of the profits of the restricted investment accounts in foreign currencies were deducted in recognition of the Bank's share as a speculator.
- Profits shall be distributed upon deducting the Bank's share as a speculator in the investment portfolios and the restricted investment accounts contributing in the investment hereto as per its percentage.

### Sharia Non-Compliant Revenues, Gains, Expenses and Losses :

- The Bank shall record the revenues, gains, expenses and losses violating the Islamic Sharia in a separate account within the other liabilities. They shall be spent on charitable activities as determined by the Sharia Supervisory Board.

### Zakat:

- The responsibility of Zakat payment falls on shareholders, unrestricted and restricted investment accounts holders and participants in Muqarada bonds portfolios (investment portfolios) once the required conditions are satisfied.

## The Thirty Second Annual Report

### Financial Assets Held for Trading:

- They are financial investments acquired or constructed for the purpose of gaining profits through short-term changes in prices or profit margin.
- The financial assets held for trading shall be carried at fair value upon purchase and revalued at fair value on the date of financial statements. The subsequent changes shall be carried at fair value in the consolidated income statement in the same period of change, including the change of fair value resulting from differences of translating non-cash assets at foreign currencies.
- The dividends or returns shall be carried in the consolidated income statement as realized (to be approved by the General Assembly of Shareholders).

### Deferred Sale Receivables:

#### 1-Murabaha Contracts:

- Murabaha: Selling a commodity for the same price at which the seller bought it plus predetermined known profit, at a percentage of the price or a lump sum. It is one of the credit sales that relies on indicating the purchase price or cost.
- Murabaha to the Purchase-Orderer: an arrangement where the bank sells to a customer (purchase-orderer) a commodity with a specific increase in its price or cost after identifying such increase (Murabaha profit in Wa'ed). It is also called Banking Murabaha.
- The bank applies the principle of Wa'ed in Murabaha to purchase-orderer contracts as per the standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions.
- The revenues of deferred sales (whose price is fully paid at once that is due after the current financial period or is paid on installments over several subsequent financial periods) shall be recognized through distributing them to the future financial periods of the deferred period, in such a way that each financial period is allocated a certain share of profits regardless of whether or not payment is made in cash.
- Deferred sale receivables shall be carried at their face value as they occur and are measured at the end of the financial period on the basis of net realizable cash value.

#### 2-Assets Available for Forward Sale:

- The assets acquired by the bank for the purpose of selling them on basis of forward sale (in installments). This type of selling assets is also called installment-bargain sale to distinguish it from Murabaha to purchase-orderer.
- The assets available for forward sale shall be carried at cost upon contracting and are measured on the basis of cost (purchase value and any direct expenses related to acquisition)
- The assets available for forward sale shall be evaluated at the end of the financial period at their fair value and the change amount resulting from valuation—if any- shall be measured on the basis of the difference between the book value and the fair value. Unrealized Profits (losses) shall be recognized in the fair value reserve account.
- Profits in the forward sale transactions shall be recognized according to the accrual basis and distributed to the financial periods of the contract term. The profits of the upcoming years shall be recorded in the forward sale revenues account.
- The forward sale receivables shall be carried at their face value upon contracting (contracted

## Jordan Islamic Bank

value).

### Musharaka Financing:

- An arrangement where the bank and the client offer money in equal or different portions to establish a new project or contribute to an existing one, so that each party owns a share in the capital on a constant or diminishing basis and is entitled to payable dividends. Losses shall be shared according to each partner's share in the capital and it is prohibited to stipulate otherwise. This type of financing is divided into constant Musharaka and diminishing Musharaka ending in ownership.
- The Bank's share in Musharaka capital shall be recorded upon delivery to the managing partner or deposit in the Musharaka Account and is measured at the value of the amount paid in cash or the fair value if it is in kind. If property valuation results upon contracting into a difference between the fair value and the book value, the difference shall be recognized as profit or loss.
- The Bank's share in the constant Musharaka capital at the end of the financial period shall be measured at the historical cost. In case of diminishing Musharaka, the capital shall be measured at the end of the financial period at the historical value less the historical value of the sold share at the fair value agreed upon. The difference between the two values shall be recognized as profit or loss in the consolidated income statement.
- The Bank's share in the profits or losses of Musharaka financing transactions which start and end during the financial period shall be recorded after liquidation. In case the Musharaka continued for more than one financial period, the Bank's share of the profits shall be recorded upon realization through complete or partial sharing of profits between the bank and the partner in the financial period where it occurred and within the limits of the distributed profits. As for the Bank's share of the losses for a financial period, it shall be recognized in the Bank's books for that period and within the limits of the losses by which the Bank's share in Musharaka capital is reduced.
- In case of losses as a result of the partner's violation or negligence, the partner shall incur those losses as receivables.
- At the end of the financial period, the financing assets shall be recorded at cost or at the realizable cash value, whichever lower, and the difference shall be recorded as a provision of financing impairment.
- The revenues of non-performing deferred sales granted to clients shall be suspended according to the instructions of the Central Bank of Jordan.
- The deferred sale receivables and finances funded by unrestricted investment accounts are written off in case the procedures taken to collect them from the Investment Risk Fund are ineffective (except what is granted/financed and then written off from the deferred sale receivables and finances in the same year, as it is recorded in the consolidated income statement/charged to the investment revenues). The collected amounts from receivables/finances previously written off are added to the Investment Risk Fund (except what is recorded in the income statement/charged to the investment revenues). As for the deferred sale receivables and finances funded by the Bank's own funds and for which an impairment provision is allocated, they shall be written off in case the procedures taken to collect them are ineffective by deducting them from the provision. In addition, any surplus in the total provision, if any, shall be transferred to the consolidated income statement, and the amounts collected from previously written off receivables/finances shall be added to revenues.

## The Thirty Second Annual Report

### Financial Assets Available For Sale:

- Financial Assts Aailable for Sale are other assets (investments) not held for trading, not held to maturity and not established by the Bank.
- Financial assets available for sale shall be carried at fair value in addition to the acquisition expenses upon purchase and are subsequently revalued to fair value. The change in fair value shall be stated in the fair value reserve item within the equity of unrestricted investment accounts holders and within the equity accounts in case these assets are financed by the Bank's own funds.
- In case these assets or part of them is sold or their value is impaired, resulting profits and losses shall be recorded in the consolidated income statement, including the amounts previously stated in unrestricted investment account holders equity or in equity accounts related to these assets.
- The impairment loss previously stated in the consolidated income statement is recoverable if it is objectively evident that the increase in fair value occurred in a period subsequent to stating impairment losses through fair value reserve.
- The profits resulting from financial assets available for sale shall be stated in the consolidated income statement on the date of distribution.
- The profits and losses resulting from differences of translating foreign currencies of equity instruments are stated in the fair value reserve item.
- The financial assets whose fair value cannot be reliably determined shall be stated at cost and any impairment in their value shall be stated in the consolidated income statement.

### Financial Assets Held to Maturity:

- They are the assets (investments) that the Bank has a positive intent and ability to hold until the maturity date.
- They are carried at cost in addition to any direct expenses related to acquisition. In case of impairment that results in non-recoverability of the asset or any part of it at the end of the financial period, it shall be stated in the consolidated income statement as an impairment loss and these investments shall be stated at fair value after taking impairment value into consideration.
- It is not allowed to reclassify any financial assets from or to this item except in cases specified in the accounting standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions.

### Investments in Affiliates:

- Affiliates are those companies over which the Bank exercises significant influence on decisions related to financial and operating policies, and are not subject to the Bank's control, and in which the Bank owns from 20% up to 50% of the voting rights.
- Investment in Affiliates shall be identified through equity method.
- In case of preparing separate financial statements of the Bank as an independent entity, investments at the affiliates shall appear at its fair value.

## Jordan Islamic Bank

### Ijarah and Ijarah Muntahia Bittamleek:

Ijarah is hiring an asset for consideration and is divided into:

- Operating Lease: a lease contract which does not end in the lessee's ownership of the leased assets.
- Lease ending-in-Ownership "Ijarah Muntahia Bittamleek": a lease contract which ends in the lessee's ownership of the leased assets. It takes different forms as mentioned in the Ijarah and Ijarah Muntahia Bittamleek Standard issued by the Accounting and Auditing Organization for Islamic Financial Institutions.
- The assets acquired for Ijarah are measured at historical cost upon acquisition, including the direct expenses required to make them serviceable. The leased assets are depreciated according to the depreciation policy followed at the Bank.
- When the amount recoverable from any assets acquired for Ijarah is less than their net book value, their value shall be reduced to the recoverable value. The impairment value shall be stated in the consolidated income statement.
- Ijarah revenues shall be distributed in consistence with the financial periods covered by the Ijarah contract.
- The expenses of leased assets maintenance shall be stated in the financial period where they occur.

### Real Estate Investments

- It is acquisition of land or building or part of them to earn periodic rentals, to hold them for capital appreciation or both.
- Real estate investments acquired for capital appreciation shall be carried at cost in addition to acquisition expenses upon purchase, and shall be subsequently revalued to fair value. Any change in fair value shall be stated in the fair value reserve item within unrestricted investment account holders' equity and within equity accounts in case these assets are financed by the Bank's own funds.
- Unrealized losses resulting from valuation of real estate investments acquired for capital appreciation shall be stated in fair value reserve item to the extent permissible by the balance of such reserve. In case unrealized losses exceed the balance of this reserve, the excess amount shall be recorded in the consolidated income statement under the item of unrealized profits (losses) of Real Estate Investments acquired for capital appreciation.
- In case unrealized losses were recorded in previous financial period and valuation profits (unrealized) occurred in a subsequent financial period, then these profits shall be recorded in the consolidated income statement to the extent equal to the unrealized losses recorded in the consolidated income statement in previous periods. Any surplus in these profits shall be added to the fair value reserve.
- Realized profits (losses) resulting from the sale of any Real Estate Investments acquired for capital appreciation shall be measured on the basis of the difference between the book value and the net amount arising from the sale process. The outcome in addition to the previous share of this investment in the fair value reserve- if any- shall be recorded in the consolidated income statement of the current financial period.
- Real estate investments acquired to earn periodic rentals shall be carried at cost in addition to any acquisition-related expenses. This property shall be depreciated according to the depreciation policy followed at the Bank. When the recoverable amount in any of this property is less than their net book value, their value shall be reduced to the recoverable value and the impairment value shall be recorded in the consolidated income statement.

# The Thirty Second Annual Report

## Joint Investment Risk Fund:

- The Bank deducts not less than 10% of the net profits of joint investment realized from various current transactions during the period. The above rate might increase pursuant to the directives of the Central Bank. The amended rate shall be effective after being increased in the fiscal year subsequent to the year in which the amendment is approved.
- The balance of the Joint Investment Risk Fund devolves to the Zakat fund after covering all expenses and losses for which the Fund was established to cover or amortize. Accordingly, the investors in the Islamic Bank shall have no right in the amounts deducted at the approved accumulated rate in the Joint Investment Risk Fund, as these amounts are allocated to cover the losses of the joint investment operations.
- If any losses occurred in some joint investment operations that started and were completed in a certain year, these losses shall be covered by the profits realized in other joint investment operations that started and were completed within the same year. If losses exceed profits in the same year, then they shall be covered by the Joint Investment Risk Fund.
- If joint investment operations started and continued in previous years and it was found out in a certain year that such investment operations were failed operations in terms of results, their losses shall be covered by the Joint Investment Risk Fund.

## Fair Value of Financial Assets:

- The closing prices (purchasing assets/selling liabilities) on the date of financial statements in active markets shall represent the fair value of financial instruments with market prices. In case there are no quoted prices, no active circulation of some financial instruments or the market is inactive; their fair value shall be estimated by comparing it to the current market value of a substantially similar financial instrument.
- In case of financial instruments whose fair value cannot be reliably measured, they shall be stated at cost after deducting any impairment in their value.

## Impairment of Financial Assets:

- The Bank shall review the values entered in records for financial assets on the date of the financial position statement to determine whether there is any indication of impairment in their values, individually or collectively. If any such indication of impairment exists, the recoverable value shall be estimated in order to determine the impairment loss.

## Fair Value of Non-Financial Assets Stated at Fair Value:

- The market prices on the date of financial statements (when active markets for such assets exist) shall represent the fair value of non-financial assets stated at fair value. When such markets do not exist, they shall be estimated on the date of financial statements by taking the arithmetic mean of the estimated of (3) licensed and approved expertise houses.

## Jordan Islamic Bank

### Depreciation:

#### A-Depreciation of Assets Available for Investment:

- The assets available for investment shall be depreciated according to the policy adopted by the Bank related to the investment of these assets. In addition, these assets shall be depreciated according to their useful life based on straight-line depreciation method.

#### B-Property and Equipment:

- The property and equipment shall be carried at cost after deducting the accumulated depreciation and any impairment. The property and equipment (except lands) shall be depreciated when they are ready for use according to the straight-line depreciation method over their expected useful life using the following rates:

Item	%
Buildings	2%
Equipment, Appliances, Furniture	2.5% - 15%
Means of Transportation	15%
Computers	25%

- The useful life of property and equipment shall be reviewed at the end of each year. If the useful life expectations are different from pre-prepared estimates, the change shall be recorded in the estimate of subsequent years, as considered a change in estimates.
- When the amount recoverable from property, equipment and assets available for investment is less than their net book value, their value shall be reduced to the recoverable value and the impairment value shall be stated in the consolidated income statement.

#### Intangible Assets:

- The intangible assets shall be classified on the basis of estimating their life for definite or indefinite period of time. The intangible assets with definite life shall be amortized during this lifetime and the amortization shall be recorded in the consolidated income statement. As for the intangible assets with indefinite life, the impairment in their value shall be reviewed on the date of financial statements and any impairment shall be stated in the consolidated income statement.
- The intangible assets resulting from the Bank's transactions shall not be capitalized and shall be recorded in the consolidated income statement in the same period.
- Any indications of intangible assets impairment shall be reviewed on the date of financial statements. Also, the life of those assets shall be reviewed and any amendments shall be made to subsequent periods.

#### Following is the accounting policy for each item of the Bank's intangible assets:

Item	%
Computer Programs	25%

# The Thirty Second Annual Report

## Assets Devolving to the Bank to Repay Payable Debts:

- The assets devolving to the Bank in repayment of payable debts shall be stated at fair value in the statement of financial position within Real Estate Investments.

## Provisions:

- Provisions shall be recognized when there are obligations due upon the Bank on the date of the financial position statement as a result of previous events, the fulfillment of obligations is probable and their value can be reliably measured.

## End of Service Indemnity:

- The end of service indemnity shall be calculated pursuant to the provisions of the Labor Law and the Bank's bylaws.

## Employee Leaves provision:

- The employee leaves provision shall be calculated pursuant to the Bank's bylaws, and the amounts shall be transferred to this provision in accordance with the accrual basis.

## Income tax:

- Tax expenses shall represent the accrued and deferred taxes.
- Accrued tax expenses shall be calculated on the basis of taxable profits. The taxable profits differ from profits declared in the financial statements, as declared profits include non-taxable revenues, non-deductible expenses in the fiscal year but rather in subsequent years, accumulated taxably accepted losses or non-deductible items for tax purposes.
- The Bank shall deduct income tax provision pursuant to the Temporary Income Tax Law No. (28) of 2009 and the International Accounting Standard No. 12 which requires recognition of deferred taxes resulting from time differences of fair value reserve. Accordingly, the Bank may incur deferred tax liabilities.
- Deferred taxes are those which are expected to be paid or recovered as a result of temporary time differences between the value of assets or liabilities in the financial statements and the value on which the tax profit is calculated. The deferred taxes are calculated using the method of commitment to the statement of financial position, and the deferred taxes shall be calculated according to the tax rates expected to be applied upon settlement of tax obligation or realization of deferred tax assets.
- The balance of deferred tax assets shall be reviewed on the date of financial statements and shall be reduced in case it is not probable to wholly or partially benefit from those tax assets.

## Capital:

### Costs of Issuing or Purchasing the Bank's Stocks:

- Any costs resulting from issuing or purchasing the Bank's stocks shall be charged to the retained earnings (on net basis after the tax effect of these costs, if any). If the issuance or purchasing is not completed, these costs shall be recorded as expenses in the consolidated income statement.

## Jordan Islamic Bank

### Accounts Managed for Clients:

- They are the accounts managed by the Bank on behalf of its clients and shall not be considered as part of the Bank's assets. The charges and commissions of managing these accounts shall be stated in the consolidated income statement.

### Offsetting:

- Financial assets and financial liabilities shall be offset. The net amount shall be stated in the statement of financial position only when the legal binding rights are available and when they are settled on the basis of offsetting, or when the realization of assets and settlement of liabilities occur at the same time.

### Revenues Realization and Expenses Recognition:

- Revenues are realized and expenses are recognized on accrual basis, other than deferred sale revenues and non-operating finances that are not recognized as revenues and are stated in the outstanding revenues account.
- The commissions shall be recorded as revenues upon offering relevant services, and the dividends of companies' stocks shall be recognized upon realization (approved by the General Assembly of Shareholders).

### Date of Recognizing Financial Assets:

- The purchase and selling of financial assets shall be recognized on the date of trading (the date of the Bank's commitment to sell or purchase financial assets).

### Foreign Currencies:

- Transactions in foreign currencies during the year shall be recorded at the prevailing exchange rates on the date of transaction (Exchange/Taqabud).
- The balances of financial assets and financial liabilities shall be translated at the prevailing average exchange rates of foreign currencies on the date of financial position statement declared by the Central Bank of Jordan.
- Non-financial assets and non-financial liabilities shall be translated at foreign currencies and shall be stated at fair value on the date of determining their fair value.
- The profits and losses resulting from foreign currencies translation shall be stated in the consolidated income statement.
- The transaction differences of non-cash assets and liabilities at foreign currencies (such as stocks) shall be recorded in the fair value reserve.

### Cash and Cash Equivalent:

- It is cash and cash balances that are due within three months and include: cash, balances at central banks and balances at banks and banking institutions. The deposits of banks and banking institutions that are due within three months as well as restricted balances shall be deducted.

### (3) Using Estimates:

The preparation of financial statements and the application of accounting policies require the Bank's management to make estimates and judgments affecting the amounts of financial assets and liabilities and to disclose contingent liabilities. Furthermore, these estimates and judgments shall affect revenues, expenses and provisions as well as the changes in fair value stated in both equity and unrestricted investment account holders' equity. Particularly, the Bank's management shall be required to issue significant judgments to estimate the amount and timing of future cash flows. The said estimates are essentially based on multiple assumptions and factors with varying degrees of estimation and uncertainty. The actual results might differ from estimates as a result of the changes induced by the conditions and circumstances of those estimates in the future.

We believe that our estimates in light of the financial statements are reasonable, and they are detailed as follows:

Impairment provision of sale receivables and finances: the Bank shall deduct 10% of the net revenues of joint investment accounts to be transferred to the Joint Investment Risk Fund in accordance with Article (55) of the Banks Law. Then this rate shall be compared to the provision of these receivables and finances within the bases established by the Central Bank of Jordan.

Income Tax Provision: income tax shall be charged to the relevant fiscal year in accordance with the accounting systems, laws and standards. Deferred tax assets and liabilities as well as the necessary tax provision shall be calculated and stated.

The Bank's management shall carry out a periodic review of the financial assets carried at cost to estimate any impairment in their value, and impairment is stated according to the financing body of those investments.

In this framework, the work of the Risk Management Department at the Bank complements with the committees manating from the Board of Directors and the Executive Management (Risk Management Committee and Assets and Liabilities Management Committee).

## The Thirty Second Annual Report

Qualitative and Quantitative Disclosures:

### 1- Credit Risk and Concentration in Assets and Liabilities:

The daily practice of banking activities involves the Bank's exposure to many risks including the credit risk resulting from the other party's default or failure to fulfill its obligations towards the Bank, which consequently results in losses. On its part, the Bank ensures that these risks do not surpass the already specified general framework in the Bank's credit policy and seeks to maintain their levels within the balanced relationship between risks, returns and liquidity. In addition to the Risk Management Department, a number of committees in the Board of Directors and Executive Management manage the credit risks at the Bank associated, by determining the ceilings of credit facilities that can be granted to a single client (individual or institution) and relevant accounts in consistence with the instructions issued by the Central Bank of Jordan.

The Bank controls the credit risks through assessing the credit position of clients on a periodic basis according to the Clients Risk Assessment System at the Bank, which is based on the assessment of credit risk elements and default possibilities for administrative, financial or competitive reasons. Furthermore, the Bank receives proper assurances from clients in the necessary cases and according to the risk levels of each client and each process of granting additional facilities.

#### The Bank's policy of credit risks management comprises the following:

1. An available clear credit and investment policy and strategy approved by the Board of Directors.
2. Identifying the credit concentrations and ceilings:

The credit policy includes specific and clear rates of the maximum limit of credit that can be granted to any client. Moreover, there are ceilings for the credit that can be granted by each administrative level.

3. Identifying Methods of Risk Mitigation:

The risk management process in the Bank depends on a number of methods to mitigate risks, including:

- Distributing and diversifying credit investments to various sectors and geographical locations.
- The availability of clear credit and investment ceilings those are consistent with the instructions of the Central Bank of Jordan for each type of investment.
- Guarantees based on their liquidity and their coverage of the granted credit.
- The authorities of approving credits differ from an administrative level to the other and depend on the financing volume and the degree of risk.

4. Restricting the Risks of Assets and Liabilities Concentration:

The Bank operates effectively to manage this aspect of risks. The annual plan of the Bank involves a targeted distribution of credits to a number of sectors while concentrating on the promising sectors at the same time. Further, the plan also consists of distributing credits to the geographical areas inside the Kingdom.

5. Studying, Monitoring and Following- up Credit:

The Bank develops the required procedures and policies to determine the method of reviewing credits and maintaining the impartiality and integration of the decision making process, ensuring that the credit risks are accurately assessed, properly approved, continually followed-up, and continually monitored.

The general framework of the credit policy involves the authorities of approving credits, clarifying the credit limits and the method of specifying the degree of risk.

Within the organizational structure of the bank, there is a segregation of the business units in charge for granting credits and those in charge for overseeing credit in terms of granting terms, the soundness of the credit decision, ensuring that all terms of granting the credit are fulfilled, committing by the limits and restrictions mentioned in the credit policy in addition to other relevant instructions.

## 2. Liquidity Risks

The liquidity risks consist in the Bank's inability to afford the required financing to fulfill its obligations on their maturity dates. To manage such risks, the Bank shall:

1. Analyze liquidity (maturity gaps)
2. Maintain a reasonable percentage of liquidity to face issued cash flows.
3. Diversify sources of financing.
4. A committee is available to manage assets and liabilities.
5. Distribute finances on different sectors and geographical areas to minimize the risks of concentration.
6. Liquidity is measured, monitored and managed on the basis of the natural and contingent circumstances. This includes using and analyzing the maturity dates of assets and the different financial ratios.

### 3. Market Risks:

The market risks result from fluctuations in the value of marketable assets or renting, exchange rates, stocks rates, commodity rates and leased assets. The Bank works to mitigate these risks through:

1. Diversifying investments and distributing them on a number of sectors and geographical areas.
2. Studying the orientation of future investment rates, exchange rates and investment in light of such studies.
3. Setting limits to investments on the level of the country, currency, market, instrument and the other party.
4. Examining the credit position of the other party before starting an investment.
5. Adapting the currency positions with the instructions of the Central Bank.

The Bank uses sensitivity analysis to measure the market risks for each type of market risks (returns Rates Risks, Foreign Currency Risks, Risks of Stock Rates Change and of Concentration of Currency Rates Risks) A number of indicators were used to determine the impact of the income sensitivity to change in the non-trading financial assets, retained financial liabilities, the sensitivity of ownership equities and the investment accounts holders to the change in the steady state of the financial assets available for sale financed by the joint funds. Also, the bank relied on a number of assumptions related to the change of Murabaha rates, Amman Stock Exchange indexes and the currency rates, ...etc.

#### A. Rate of Return Risks

The average returns risks are induced by the overall risks included in the lists of the financial position. Any rise in the comparative standard rates may lead to the investment accounts holders expectation of a higher return rate. The return rate risks differ from the interest rates risks in that the companies are interested in the results of their investment activities by the end of the investment term and these results cannot be accurately predetermined.

The Bank is exposed to the returns rate risks as a result of a gap in the amounts of assets and liabilities according to the different maturity dates or the re-pricing of the return rates accrued to subsequent transactions within a specific period of time. The Bank manages these risks by specifying the future rates of profits according to market expectations and developing new instruments that comply with the Islamic Sharia through the risk management strategy at the

bank.

### The Bank manages these risks through:

1. Managing the gaps of return rates and cost of assets and liabilities according to the different maturity dates.
2. Examining the orientation of investment rates and the future exchange rates and investments in light of this study.

### b. Foreign Currency Risks

The foreign currency risks are those associated with a change in the value of financial instruments as a result of a change in the foreign currency rates. The Jordanian Dinar is considered the primary currency of the bank. The foreign currencies are managed on the basis of spot trading and not forward basis so that the foreign currencies are monitored daily and the position limits of each currency. The Bank's policy in managing foreign currencies is based on liquidating position continually and covering the required positions according to the clients' needs. The Board of Directors sets the limits for the financial position for each currency at the bank. The foreign currencies position is monitored daily and a number of strategies are followed to ensure maintaining of a foreign currency position within the approved limits.

The investment policy of the Bank states that the maximum limit of the foreign currencies positions shall not exceed 15% of the total shareholders' equities or 50% of the Bank's total obligations in foreign currencies - whichever is greater- (with a maximum limit of 5% of the shareholders' equities for each currency) in order to cover the clients' needs of the letters of credit, transfers and demand policies and not for speculation or trading.

### d. Commodity Risks:

Commodity risks are induced by the fluctuations in the value of marketable assets or renting. They are related to the current and future fluctuations and market values of specific assets. The bank is exposed to fluctuations of purchase commodity prices that are paid in whole after signing the Salam Contracts through the takeover period and to fluctuations in the remaining value of the leased out assets as in the end of the lease term.

### 4. Compliance Risks

These are the legal or supervisory punishments, the material losses or reputation risks that the bank might be exposed to as a result of not complying with the laws, regulations, instructions, directives, codes of conduct and the sound banking standards and practices. Among the most serious of these risks are those associated with risks of legal and supervisory punishments, reputations risks, financial loss risks, money laundering risks as well as fraud and corruption risks. To protect the bank against such risks, the Compliance Department ensures the compliance of the bank and its policies with all laws, regulations, instructions, directives, codes of conduct and the sound banking standards and practices issued by the domestic and international supervisory bodies through setting up the developing a policy of compliance and a compliance guide as well as drawing up and developing the general policy of combating money laundering and preparing procedures and work testimonies regarding the internal and external laws, regulations and instructions and preparing a work ethics charter and organizing the required training courses.

### 5. Operation Risks

These are risks resulting from the failure or unsuitability of one or more of the internal procedures, human element and systems or the failure or unsuitability caused by external events. This definition encompasses the legal risks, noncompliance risks and those risks of noncompliance with the Sharia standards. The bank works to manage these risks through:

-The availability of applicable instructions and documented work procedures to be followed by the employees and help minimize the possibility of the occurrence of any operational risks.

-The Bank's preparation of a plan to ensure the continuity of work that minimizes exposure to risks the bank faces as well as the plan of recovery from the effects of losses resulting from crises.

-The Legal Department ensures the validity of the contracts and documents of the bank while the follow-up department follows up the faltering under-settlement accounts and proceeding with the procedures of collecting debts.

-The Computer Department, in coordination and cooperation with the Internal and Sharia Auditing Department, sets up the required policies and procedures to protect the security and confidentiality of the information in the bank.

### 6-Goodwill Risks

These are risks resulting from a bad impression on the Bank which may lead to the occurrence of losses in the sources of financing or may lead to clients' movement to competitive banks. This impression might be induced by the conduct of the managers or employees of the bank or as a result of not providing client services with the required quality. Moreover, it can be triggered by a weakness in the systems of confidentiality at the bank which in turn shakes the trust of clients in the bank, or because of the Bank's involvement in illegal activities like money laundering or financing unacceptable sectors.

It might also develop as a result of repeated burglary crimes. The bank works to manage these risks through a number of procedures that enhance the clients' trust in the bank like providing good banking services, preserving the banking confidentiality and not practicing illegal activities or financing undesirable sectors.
